

NOAALink Object Classes

8-Digit Object Code	Description
23-35-00-11 NOAALINK ADP AND TELECOM EQUIP LEA	Includes lease of data processing machines, including all machines used in converting, processing, and reading machine language data such as computers, etc. Includes rental or lease of software where continued use of the software is contingent upon periodic renewal of a use agreement and periodic payments and title is never conveyed to the Government. Also includes periodic charges under rental agreements for ADP equipment costing under \$200,000, and leasing of pagers and cellular phones. However, items acquired under Lease to Purchase agreements (LTOP) costing under \$200,000 will be charged to 31-23-00-11. (Charges for maintenance of leased equipment and software and related training and technical assistance, when significant and readily identifiable in the contractor billing, will be classified under object class 25-XX-XX-XX.) Capital leases are classified in object class 31-3X-00-11.
25-10-00-11 NOAALINK INFO TECH/ADP TRAINING	All training that relates to the acquisition, usage, maintenance, or management of ADP and telecommunications equipment and software. This includes courses, seminars, workshops, symposiums, and conferences regardless of source, i.e. private or Government. Includes textbooks, fees, and study materials.
25-11-00-11 NOAALINK MGMT & SUPPT SRVS O/ THAN 2510	This consists of contracts for consulting, management and professional support services which support NOAA and NOAA's functions and mission. This includes charges for auditing services. Also includes contractual organization and facilitation of meetings or seminars; but not considered training as defined under OCC 25-10-00-11.
25-12-00-11 NOAALINK STUDIES, ANALYSES & EVALUATIONS	Consists of contracts for studies, analyses and evaluations which support NOAA and NOAA's functions and mission.
25-13-00-11 NOAALINK ENGINEERING & TECH SERVICES	Consists of contracts for engineering and technical services which support NOAA and NOAA's functions and mission.
25-23-00-11 NOAALINK ADP & TELECOM CONTRACTUAL SVCS	<p>One-Time: Research and design; consulting, planning, requirements analysis, analysis of alternatives, systems analysis and design, computer performance evaluation and capacity management services, web page design and maintenance, and similar contracts. NOTE: Once design is complete and a project goes into development, all development costs, \$25,000 and greater are charged to the appropriate 31-XX-XX-XX object class. See upgrade policy at: http://www.pps.noaa.gov/New_menu/upgradeproc.htm</p> <p>On-Going: Software or equipment maintenance, computer repairs, teleprocessing, source data entry, facilities management, network management, network information center operation, network operations; and similar contracts.</p> <p>EXAMPLES:</p> <ul style="list-style-type: none"> • Cisco Smartnet Maintenance • Dell Maintenance • Equipment Maintenance • Computer/Laptop/Server/Router Maintenance
25-27-00-11 NOAALINK MISC CONTRACTUAL SVCS-NOT CLASS	All other contractual services performed by private vendors with a cost of less than \$200,000, or costs greater than or equal to \$200,000 that do not meet the life extending criteria and not classified elsewhere. Includes contractual services for repairs, alterations, operation, and maintenance of buildings and other property owned and utilized by NOAA/BIS. Includes contractual charges for storage of vehicles, stenographic services, advertising, radio and television broadcast time, fees and other charges for title search, etc. Includes contractual services for substation meteorological, river tide, rainfall, etc., reports. Includes charges for typing. (Consult OCCs 25-11-00-11, 25-12-00-11 and 25-13-00-11 before using this code.)
25-34-00-11 NOAALINK ADP&TELECOM SERV (OTHER FED AG)	Includes interagency contracts for analysis and design of software or for software or hardware maintenance, when done by another Federal agency.
25-35-00-11 NOAALINK ALL OTHER SVCS OF FED AGENCIES	Includes all contractual services performed by other Federal agencies that are not classified elsewhere.

26-18-00-11 NOAALINK PURCHASES OF ADP SUPPLIES	<p>Includes all supplies required for IT/ADP operation, such as paper, word processing tapes, discs, ribbons, small repair parts, boards, etc. This includes internally developed, externally developed, or off-the-shelf software costing under \$25,000. Upgrades and enhancements of \$200,000 or more need to be charged to OCC 31-XX-XX-XX in accordance with NOAA's upgrade policy.</p> <p>EXAMPLES:</p> <ul style="list-style-type: none"> • Switches costing under \$5,000 per unit (for \$5K and over use 31-23-00-11) • Router Boards and Modules • Keyboards and Mice • Docking Stations • Internal Hard Drives • Memory • UPS • Software costing under \$25,000 (for \$25K and over use 31-24-00-00) • Firewall (Software)
26-19-00-11 NOAALINK PURCHASES - ALL OTHER	<p>All purchases of operating supplies not otherwise classified. Includes chart paper, office supplies, subscriptions for newspapers and periodicals, pamphlets and document purchases, chemical, surgical and medical supplies, clothing, clothing supplies, food, etc., equipment costing under \$5,000 i.e. nonaccountable property and all other supply purchases not otherwise classified. Also includes any of the above which are being purchased for inventory (See OCC 31-2X-XX-XX for accountable property).</p>
31-12-00-11 NOAALINK CAPITALIZED ADP EQUIPMENT	<p>This includes computer and all associated peripheral devices used for data processing costing \$200,000 or more per item. Includes super-computers, mainframes, mini-computers, RISC-based work stations; ancillary equipment such as disk and tape drives, plotters, printers, storage and back-up devices cable-connected to computers; digital imaging equipment; optical storage and/or retrieval equipment such as optical character recognition devices, and computer-generated microfilm and other data acquisition devices. This excludes telecommunications and data communications devices (use object class 31-16-00-11).</p>
31-12-10-11 NOAALINK CAP ADP EQUIP - CAPITAL LEASE	<p>Provides for the capitalization of the present value of total lease payments for ADP equipment.</p>
31-16-00-11 NOAALINK TELECOM EQUIPMENT - CAPITALIZED	<p>Includes communication, detection, coherent radiation equipment, complete telephone systems, radio, and television communication equipment, radar assemblies, thermal and other radiation imaging systems, communication security equipment, satellite tracking devices, data collection devices, antennas, radio navigation devices, sonars, radiosondes, intercommunications and public address systems, Fathometers and sonar equipment, visible and invisible light communications equipment, and other miscellaneous communications equipment.</p>
31-16-10-11 NOAALINK TELECOM EQUIP - CAPITAL LEASE	<p>Provides for the capitalization of the present value of total lease payments for motor vehicles.</p>
31-19-00-11 NOAALINK ADP&TELECOM SOFTWARE-CAPITALIZE	<p>Includes commercial off-the-shelf software and firmware costing more than \$200,000 with a useful life of 2 years or more: systems programs, application programs, independent subroutines, related groups of routines, sets or systems of programs, data bases, software documentation, and internally and externally developed software.</p>
31-19-10-11 NOAALINK ADP&TELECOM SOFTWARE-CAP LEASE	<p>Provides for the capitalization of the present value of total lease payments for ADP and telecommunications software.</p>
31-23-00-11 NOAALINK NON-CAP ADP & TELECOM EQUIPMENT	<p>This includes purchase or lease-to-purchase ADP and telecommunications equipment costing less than \$200,000. e.g. desk top scanners, printers, photocopy machines, laptop and desktop computers, Global Positioning System (GPS) devices, computer servers, external hard and disc drives, smartphones and tablets (e.g. iPad and iPhone), desktop plotters , fax machines, etc.</p> <p>EXAMPLES:</p> <ul style="list-style-type: none"> • Laptops • Desktops • Smartphones • Tablets • Printers • External Hard Drives • Fax Machines • Servers • Routers • Copy Machines • Switches over \$5000.00 • Firewalls (Hardware)

31-24-00-11	NOAALINK ADP & TELECOM SOFTWARE	This includes charges for internally developed, externally developed, or off-the-shelf software purchases from \$25,000 to \$199,999.99. Software purchased or developed costing \$200,000 or more are classified under OCC 31-19-00-11.
31-31-00-11	NOAALINK LEASE-TO-PURCHASE ADP EQUIPMENT	Provides for the capitalization of the present value of total lease payments under lease-to-purchase contracts for ADP equipment.
31-32-00-11	NOAALINK LEASE-TO-PURCHASE TELECOM EQUIP	Provides for the capitalization of the present value of total lease payments under lease-to-purchase contracts for telecommunications equipment.
31-51-00-11	NOAALINK ADP EQUI PRCH FOR OTH ENT-REIMB	Includes purchases of ADP equipment for another entity under a reimbursable agreement.
31-52-00-11	NOAALINK TEL EQ PRCH FOR OTH ENT-REIMB	Includes purchases of telecommunications equipment for another entity under a reimbursable agreement.
