

NOTICE OF OFFICE OF MANAGEMENT AND BUDGET ACTION

Date 10/26/2011

Department of Commerce
National Oceanic and Atmospheric Administration
FOR CERTIFYING OFFICIAL: Simon Szykman
FOR CLEARANCE OFFICER: Diana Hynek

In accordance with the Paperwork Reduction Act, OMB has taken action on your request received 08/23/2011

ACTION REQUESTED: Extension without change of a currently approved collection
TYPE OF REVIEW REQUESTED: Regular
ICR REFERENCE NUMBER: 201107-0648-018
AGENCY ICR TRACKING NUMBER:
TITLE: Virginia Modified Pound Net Leader Inspection Program
LIST OF INFORMATION COLLECTIONS: See next page

OMB ACTION: Approved without change
OMB CONTROL NUMBER: 0648-0559

The agency is required to display the OMB Control Number and inform respondents of its legal significance in accordance with 5 CFR 1320.5(b).

EXPIRATION DATE: 10/31/2014

19. Certification for Paperwork Reduction Act Submissions

On behalf of this Federal Agency, I certify that the collection of information encompassed by this request complies with 5 CFR 1320.9

NOTE: The text of 5 CFR 1320.9, and the related provisions of 5 CFR 1320.8(b)(3), appear at the end of the instructions. *The certification is to be made with reference to those regulatory provisions as set forth in the instructions.*

The following is a summary of the topics, regarding the proposed collection of information, that the certification covers:

- (a) It is necessary for the proper performance of agency functions;
- (b) It avoids unnecessary duplication;
- (c) It reduces burden on small entities;
- (d) It used plain, coherent, and unambiguous terminology that is understandable to respondents;
- (e) Its implementation will be consistent and compatible with current reporting and recordkeeping practices;
- (f) It indicates the retention period for recordkeeping requirements;
- (g) It informs respondents of the information called for under 5 CFR 1320.8(b)(3):
 - (i) Why the information is being collected;
 - (ii) Use of information;
 - (iii) Burden estimate;
 - (iv) Nature of response (voluntary, required for a benefit, mandatory);
 - (v) Nature and extent of confidentiality; and
 - (vi) Need to display currently valid OMB control number;
- (h) It was developed by an office that has planned and allocated resources for the efficient and effective management and use of the information to be collected (see note in Item 19 of instructions);
- (i) It uses effective and efficient statistical survey methodology; and
- (j) It makes appropriate use of information technology.

If you are unable to certify compliance with any of the provisions, identify the item below and explain the reason in Item 18 of the Supporting Statement.

**SUPPORTING STATEMENT
VIRGINIA MODIFIED POUND NET LEADER INSPECTION PROGRAM
OMB CONTROL NO. 0648-0559**

A. JUSTIFICATION

1. Explain the circumstances that make the collection of information necessary.

This request is for extension of this information collection.

On June 23, 2006, National Oceanic and Atmospheric Administration (NOAA), National Marine Fisheries Service (NMFS) issued a final rule ([71 FR 36024](#)), amending regulations for parts of [50 CFR 222](#) and [223](#) under the authority of the [Endangered Species Act](#) (16 USC 1531 *et seq.*) requiring that, during the period of May 6 through July 15, any offshore pound net leader in the Virginia waters of the mainstem Chesapeake Bay, south of 37 19.0' N. lat. and west of 76 13.0' W. long., and all waters south of 37 13.0' N. lat. to the Chesapeake Bay Bridge Tunnel at the mouth of the Chesapeake Bay, and the James and York Rivers downstream of the first bridge in each tributary (referred to as "Pound Net Regulated Area I"), meet the definition of a modified pound net leader.

A modified pound net leader is a pound net leader that is affixed to or resting on the sea floor and made of a lower portion of mesh and an upper portion of only vertical lines such that: the mesh size is equal to or less than 8 inches stretched mesh; at any particular point along the leader the height of the mesh from the seafloor to the top of the mesh must be no more than one-third the depth of the water at mean lower low water (average low water point during the lowest of two low tidal cycles) directly above that particular point; the mesh is held in place by vertical lines that extend from the top of the mesh up to a top line, which is a line that forms the uppermost part of the pound net leader; the vertical lines are equal to or greater than 5/16 inch in diameter and strung vertically at a minimum of every 2 feet; and the vertical lines are hard lay lines with a level of stiffness equivalent to the stiffness of a 5/16 inch diameter line composed of polyester wrapped around a blend of polypropylene and polyethylene and containing approximately 42 visible twists of strands per foot of line.

Without this final rule, existing regulations would have continued to prohibit all offshore pound net leaders in that area during that time frame. While restrictions promulgated in 2004 on pound net leaders in the Virginia waters of the Chesapeake Bay outside the aforementioned area remain in effect (referred to as "Pound Net Regulated Area II"; May 5, 2004, [69 FR 24997](#)), this final rule created an exception to those restrictions by allowing the use of modified pound net leaders in this area.

After the 2006 final rule was published, NMFS determined that an onshore inspection program that checked a modified leader ready for deployment against the regulatory definition would help ensure the protection of sea turtles, while limiting the difficulties of and potential costs to fishermen associated with post-deployment inspections at sea. For example, most of the pound net leader is typically set under the water, the water clarity in the Chesapeake Bay is generally poor, and there may be debris in the water that could endanger the inspector. In addition, if a

fisherman was asked to haul the leader for an inspection once it was deployed, there would be a loss in fishing time. The modified leader configuration was developed to protect sea turtles, and it is important that the leaders deployed in this fishery meet the standards embodied in the regulations. NMFS proposes to continue the inspection program that would: (1) provide fishermen with the assurance that their leaders meet the definition of a modified pound net leader before setting their gear, thereby limiting the costs associated with having to: (a) to haul their gear during the fishing season, (b) fix any parts of the leader determined by an authorized officer during an at-sea inspection to be non-compliant with the regulation, and (c) reset the gear; (2) provide managers with the knowledge that the offshore leaders in Pound Net Regulated Area I are configured in a “turtle-safe” manner; and (3) aid in enforcement efforts. The final rule establishing the inspection program was published on November 18, 2008 ([73 FR 68348](#)), with information collection component approved on August 26, 2008.

If a pound net fisherman is to use a modified pound net leader anywhere in Pound Net Regulated Area I or Pound Net Regulated Area II at any time during the period from May 6 through July 15, he or she must adhere to the following requirements of the inspection program.

First, the pound net fisherman, or his/her representative, must call NMFS at (757) 414-0128 at least 72 hours before the modified leaders are to be deployed. During this call, the fisherman or representative and NMFS will discuss a meeting date, time, and location, as well as the fisherman’s plans for setting his/her gear. While NMFS realizes that setting pound net gear is dependent upon weather conditions, allotting a window of 72 hours or more enables the fishermen and NMFS to arrange a mutually agreeable meeting time to examine the modified leaders.

The second component of the inspection program involves NMFS meeting the fisherman at the dock, or another mutually agreeable place, to examine the gear for compliance with the definition of a modified pound net leader. During the inspection, NMFS will ascertain whether the leader meets the following four criteria taken from the modified leader definition: (1) the lower portion of the leader is mesh and the upper portion consists of only vertical lines; (2) the mesh size is equal to or less than 8 inches stretched mesh; (3) the vertical lines are equal to or greater than 5/16 inch in diameter and strung vertically at least every 2 feet; and (4) the vertical lines are hard lay lines with a level of stiffness equivalent to the stiffness of a 5/16 inch diameter line composed of polyester wrapped around a blend of polypropylene and polyethylene and containing approximately 42 visible twists of strands per foot of line. NMFS will also measure the height of the mesh in relation to the height of the entire leader.

During the inspection, the fisherman must provide accurate and specific latitude and longitude coordinates of the location at which the leader will be deployed. If the fisherman does not know his or her modified pound net leader latitude and longitude coordinates prior to the inspection, NMFS will have a detailed nautical chart available during the inspection for the fisherman to ascertain the specific coordinates of the gear.

During the inspection, the fisherman must also provide NMFS with information on the low water depth at each end of the modified leader. If the leader meets the four criteria previously described, the measurement of the height of the mesh in relation to the total height of the leader is recorded, and the low water depth and the latitude and longitude coordinates of the specific

location at which the leader will be deployed are provided and recorded, the leader will pass inspection.

If the leader passes inspection, NMFS will tag the leader with one or more tamper-proof tags (supplied by NMFS), each of which will be marked with a unique identification number. Additionally, the fisherman will receive a letter from NMFS noting that the leader has been inspected, the date of the inspection, the license holder's name, the tag number(s) of the attached tag(s), information on the modified leader as collected during the inspection, and the low water depth and latitude and longitude coordinates for the specific location at which the inspected leader will be deployed. This letter must be retained on the vessel tending the inspected leader at all times it is deployed. The fisherman may set the inspected leader only after passing the inspection; the tags must remain on the gear. After tagging by NMFS, the tags may not be tampered with or removed. If a tag is damaged, destroyed, or lost due to any cause, the fisherman must call NMFS at (757) 414-0128 within 48 hours of discovery to report this incident.

If the onshore inspection indicates that the leader does not meet one or more of the four criteria, NMFS will tell the fisherman how to modify his or her gear in order to meet the criteria. Pound net fishermen are required to have their modified leaders inspected annually, even if the tags from the preceding year remain on the gear.

2. Explain how, by whom, how frequently, and for what purpose the information will be used. If the information collected will be disseminated to the public or used to support information that will be disseminated to the public, then explain how the collection complies with all applicable Information Quality Guidelines.

The obtained information will be shared with NMFS staff, including law enforcement agents and protected resources staff, to ensure compliance with the previously established regulations and to ensure sea turtles are being adequately protected. It is estimated that the information will be obtained one time per modified leader per season, likely occurring before May 6 of each year.

As explained in the preceding paragraphs, the information gathered has utility. NMFS will retain control over the information and safeguard it from improper access, modification, and destruction, consistent with NOAA standards for confidentiality, privacy, and electronic information. See response to Question 10 of this Supporting Statement for more information on confidentiality and privacy. The information collection is designed to yield data that meet all applicable information quality guidelines. Although the information collected is not expected to be disseminated directly to the public, general results on modified leader use may be used in scientific, management, technical or general informational publications. Should NOAA NMFS Northeast Region (NER) decide to disseminate the information, it will be subject to the quality control measures and pre-dissemination review pursuant to Section 515 of Public Law 106-554.

3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological techniques or other forms of information technology.

The collection of information in question involves the public entity setting up a meeting with NMFS via a telephone call. This method of communication consists of the most effective means to collect the information on a meeting date, time and location. While the meeting specifics could be arranged via electronic mail, it is believed that Virginia pound net fishermen will more easily set up the meeting via a telephone call. Furthermore, it is unknown how many Virginia fishermen have computer access. The second part of the information collection involves a meeting between NMFS and the pound net fisherman, which does not involve any automated, electronic, mechanical or other technological techniques.

4. Describe efforts to identify duplication.

NMFS does not believe this information collection represents a duplication of other efforts. While fishermen may know if their modified leaders meet the definition as included in the regulations, no one is specifically collecting this information. The Virginia Marine Resources Commission (VMRC) has promulgated similar inspection regulations, but their regulations are intended to be congruent with, and not duplicative of, the Federal regulations. NMFS and VMRC will work together on the inspection program and to ensure there is no duplication of effort, should the potential exist.

5. If the collection of information involves small businesses or other small entities, describe the methods used to minimize burden.

This information collection will not have a significant impact on small entities. This collection of information does involve small entities (Virginia pound net fishermen), but the impacts are minimized by the relatively infrequent nature of the reporting (e.g., only one time per leader per year, with a possibility of additional reporting if a tag is lost) and type of reporting (e.g., telephone call and meeting at a mutually agreeable location).

6. Describe the consequences to the Federal program or policy activities if the collection is not conducted or is conducted less frequently.

If this information is not collected, the evaluation and effectiveness of the June 2006 regulations (71 FR 36024) will be compromised. It will be difficult to determine if fishermen are complying with the regulations regarding modified pound net leaders, and the regulations were developed to reduce sea turtle mortality. Without this collection (or some other alternative plan that has yet to be developed), the effectiveness of sea turtle protection measures in Virginia cannot be established. The NMFS NER and Northeast Fisheries Science Center (NEFSC) have dedicated a significant amount of funding and staff time to evaluate and reduce spring sea turtle mortality in Virginia, and the previously established regulations are essential to protect sea turtles in the Chesapeake Bay. Conducting the information collection less frequently would be the same as not conducting it at all, and the same concerns apply. Fishermen are only required to contact NMFS before they set their modified leader (likely one time per year), and it is unknown how reporting less than one time a year would assist in sea turtle recovery efforts. Acquiring this

information to fulfill the aforementioned objectives is an important aspect of the NMFS Northeast sea turtle program.

7. Explain any special circumstances that require the collection to be conducted in a manner inconsistent with OMB guidelines.

The information collection will not be conducted in a manner inconsistent with OMB guidelines.

8. Provide information on the PRA Federal Register Notice that solicited public comments on the information collection prior to this submission. Summarize the public comments received in response to that notice and describe the actions taken by the agency in response to those comments. Describe the efforts to consult with persons outside the agency to obtain their views on the availability of data, frequency of collection, the clarity of instructions and recordkeeping, disclosure, or reporting format (if any), and on the data elements to be recorded, disclosed, or reported.

A Federal Register Notice published on March 9, 2011 (76 FR 12941) solicited public comments. No comments were received.

During the establishment of the inspection program, public comment on the information collection was solicited in the proposed rule, RIN 0648-AU98 (72 FR 9297, March 1, 2007). No comments were specifically received on the information collection portion of the proposed rule.

9. Explain any decisions to provide payments or gifts to respondents, other than remuneration of contractors or grantees.

No payments or gifts will be provided to respondents.

10. Describe any assurance of confidentiality provided to respondents and the basis for assurance in statute, regulation, or agency policy.

No assurance of confidentiality is given. Personal identifiers and any commercial information will be kept confidential to the extent permitted under the Freedom of Information Act (FOIA) ([5 U.S.C. 552](#)), the Department of Commerce FOIA regulations ([15 CFR Section 4, Subpart A](#)), the Trade Secrets Act (18 [U.S.C. 1905](#)), and [NOAA Administrative Order 216-100](#).

11. Provide additional justification for any questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

This collection of information does not involve any questions of a sensitive nature.

12. Provide an estimate in hours of the burden of the collection of information.

The collection of information involves two parts: 1) the fisherman must call NMFS at least 72 hours before deploying his or her modified pound net leader to set up a meeting time, date and

location, and 2) the fisherman must meet NMFS at a mutually agreeable location, so that NMFS may inspect the modified leader.

Based upon information obtained from the VMRC on 2009 pound net license holders, there are 52 licensed pound net fishermen in the Virginia Chesapeake Bay. Additional information obtained from VMRC found that the average number of pound net fishermen fishing in Pound net Regulated Areas I and II from May 6-July 15 2005-2009 was 19, with a range of 17 (in 2007) to 22 (in 2005) fishermen. This represents the best available information on the number of fishermen during the regulated period and area. Of these 19 fishermen and during the time frame of the regulations (May 6 – July 15), an average of 12 fishermen from 2005-2009 reported landings from the upper part of the Bay while an average of 7 fishermen from 2005-2009 reported landings from the lower portion of the Bay. As mentioned, only fishermen in a portion of the lower Bay are required to use modified pound net leaders, if they set a leader, from May 6 to July 15. Fishermen in the upper Bay may use a modified leader if they so choose, but they are not required to do so. While the specific number of fishermen that may be affected by this collection of information is dependent upon whether they switch their leader voluntarily, there is the option for every licensed Virginia pound net fisherman (n=52) to use a modified leader. However, fishermen are required to arrange a meeting with NMFS only if they are planning to set a modified leader during the regulated period (May 6 to July 15). **Thus, a total of 19 fishermen (12 in upper and 7 in lower Bay) may be affected by this collection of information.**

In 2004 (still the best available data), during the regulated time period, fishermen in the upper Bay fished an average of 1.8 pound nets. This results in **22 pound nets in the upper Bay** (12 fishermen * 1.8 pounds/fisherman). Monitoring and characterization efforts were conducted by NMFS from May to July 2010 in the lower Bay only. These observations found **41 nets set in the lower Bay**. Based on these data, the information collection will apply to a total of **63 pound net leaders (22+41)**. The actual burden will most likely be on much fewer leaders (and fishermen) as it is unlikely that every Virginia pound net fisherman will switch to a modified leader in each of his or her nets and then be required to call NMFS to arrange an inspection. Based on actual inspection results from 2010, it is more likely that the information collection requirement will fall upon approximately 17 offshore nets in the lower Bay, and approximately 7 fishermen. However, for the purposes of this analysis, the maximum number of respondents and applicable nets must be considered.

The hourly burden for the first part of the information collection was calculated by assuming a phone call to NMFS to set up an inspection meeting will last for a maximum of 5 minutes. Therefore, if each fisherman makes one call per each net, there would be a total of **63 calls lasting 5 minutes per call**. The maximum hourly burden for this portion of the information collection would be 315 minutes, or **5.25 hours**, although it is likely to be less than this amount, because fishermen will likely call NMFS to arrange meeting specifics for more than one of their nets at a time, instead of making one call per one net.

The hourly burden for the second part of the information collection was calculated by assuming the gear compliance meeting between NMFS and the pound net fisherman will last for a maximum of **1 hour per net**. For 63 pound net leaders, the hourly burden for this portion of the information collection would be **63 hours**.

As noted previously, if a tag placed on the leader during inspection is damaged, destroyed or lost by debris, vessel traffic, marine life, or any other cause, the fisherman must call NMFS within 48 hours of discovery to report this incident, resulting in an additional hourly burden on the fisherman. It is unknown how many tags will be damaged, destroyed or lost in the course of one year; thus, NMFS is estimating 10% of tags will be affected. This is likely an overestimate; since the first year of the inspection program (2009), no tags have been reported as lost, destroyed, or damaged. Of 63 pound net leaders, each leader would have 3 tags, for a maximum total of 189 tags placed on all pound net leaders; 10% of these would be 18.9 (19) tags, necessitating **19 notification calls** to NMFS. Assuming each call would last a maximum of 5 minutes, this would result in an additional hourly burden of 95 minutes (or **1 hour, 30 minutes**) for all Virginia pound net fishermen.

For the 19 respondents, total responses would be 145: 63 calls, 63 meetings, and 19 additional notification calls. Total hourly burden would be 70 hours, with approximately 3.7 hours per fisherman.

13. Provide an estimate of the total annual cost burden to the respondents or recordkeepers resulting from the collection (excluding the value of the burden hours in Question 12 above).

The cost burden was obtained by using the information on anticipated numbers of reports as presented in Question 12 and the following information: an estimated initial 63 calls to set up meetings are anticipated to be conducted annually. The cost of a 5-minute call was estimated to be \$1.25 per call (\$0.25 per minute). This cost estimate was determined to be **\$78.75** for all Virginia pound net fishermen annually. If a tag placed on the leader during inspection is lost, damaged, or destroyed, the notification to NMFS would result in an additional 19 calls at \$1.25, resulting in an **additional \$23.75. Therefore, a total annual cost estimate was determined to be \$102.50 (\$78.75 + \$23.75).**

NMFS does not foresee any cost burden to fishermen from participating in the inspection meeting or the actual tagging of their gear. NMFS will meet the fishermen at their place of choice, so it is very likely that they will not travel for this meeting. NMFS will also purchase the tags for the modified leaders.

14. Provide estimates of annualized cost to the Federal government.

The estimate cost to the Federal government will be in terms of staff hours, tag purchases, and mileage and gas to travel to the meeting location. An anticipated 63 calls will take place, and each call is expected to last a maximum of 5 minutes. NMFS staff will be able to compile any notes during this phone call. As such, the hourly burden on NMFS for this portion of the information collection would be 315 minutes, or 5.25 hours. For the second portion of the information collection, the inspection meeting, each gear check would last approximately 1 hour. For 63 pound net leaders, the hourly burden for this portion of the information collection would be 63 hours. It may take an additional 15 minutes per net to prepare a summary of the inspection meeting, resulting in an additional 15.75 hours of NMFS staff time. If a tag placed on the leader during inspection is lost, damaged, or destroyed, the notification to NMFS would result in an

additional 19 calls. Assuming each call would last a maximum of 5 minutes, this would result in an additional hourly burden of 95 minutes (or 1.58 hours) of NMFS staff time. The total hourly burden would be 85.58 (86) hours for NMFS staff (5.25 + 63 + 15.75 + 1.58).

The financial burden would depend upon the pay band level of the party answering the phone call and participating in the inspection meeting. As the staff fielding these calls likely will be pay band level III (with an approximate of \$37.54 per hour), approximately 86 hours of work (about 2 weeks) would cost the Federal government approximately \$3,228.

NMFS has purchased the tamper-proof tags to be placed on each modified pound net leader that passes the inspection. The tags that will be used are tamper-proof plastic truck seal tags, as those have been found to be successfully deployed in other fisheries. NMFS estimates that 3 tags will be placed on each modified leader (resulting in a maximum of 189 tags needed annually (63 leaders * 3 tags)). Tags come in multiples of 1000, with 1000 being the minimum order, and each tag is \$0.16. The previous cost for 1000 tags was approximately \$160. Since 1000 tags were already ordered and only 116 tags have been deployed as of April 25, 2011, there is no need to order more tags for the next three years and no additional expense to the Federal government.

NMFS staff must travel to the meeting location. The meeting location has not yet been determined, and could vary with each fisherman. However, it is 28 miles from the NMFS inspector's home to Cape Charles (where most of the pound net fishermen are located). Assuming an average of \$3.75/gallon (in Cape Charles on April 25, 2011), a round trip mileage of 56 miles, and use of 4 gallons of gas per round trip, the cost of gas would be \$15 for each trip down to Cape Charles. While it is highly unlikely that NMFS would make a separate trip for each pound net leader inspection, the number of trips could vary each year and it would be difficult to predict the exact number of trips to be completed each year. Thus, this analysis considers the maximum number of trips that NMFS may take (n=63). For 63 inspections and 63 separate round trips, the total amount for gas would be \$945.

The total annualized cost to the Federal government would be \$3,228 + \$945, or **\$4,173**.

15. Explain the reasons for any program changes or adjustments.

The number of respondents has decreased from 21 to 19, the total annual responses have increased from 106 to 145 and the total annual hours requested has increased from 51 to 70. The reasons from these changes are that updated information is available on the number of pound net fishermen (respondents) fishing in the regulated area and time period. The updated numbers are more reflective of the actual fishing activity as they are averages from the most recent 5 years of available data. Further, the increase in responses and requested hours is reflective of the number of pound nets set in the regulated area and time period. The estimated number of pound nets increased largely based on a 2010 NMFS survey of pound net gear in the lower Bay, which recorded more pound nets set in the area and represents an improvement on the previously available information. There were minor related changes to costs, a \$4.00 increase.

16. For collections whose results will be published, outline the plans for tabulation and publication.

The results of this information collection are not anticipated to be published.

17. If seeking approval to not display the expiration date for OMB approval of the information collection, explain the reasons why display would be inappropriate.

Not Applicable.

18. Explain each exception to the certification statement.

Not Applicable.

B. COLLECTIONS OF INFORMATION EMPLOYING STATISTICAL METHODS

This information collection request does not employ statistical methods.

T.S. 982, hereinafter in this subsection referred to as the “Western Convention”). In the discharge of these responsibilities, the Secretary and the Secretary of State shall consult with the Secretary of Agriculture, the Secretary of Commerce, and the heads of other agencies with respect to matters relating to or affecting their areas of responsibility.

(2) The Secretary and the Secretary of State shall, in cooperation with the contracting parties to the Western Convention and, to the extent feasible and appropriate, with the participation of State agencies, take such steps as are necessary to implement the Western Convention. Such steps shall include, but not be limited to—

(A) cooperation with contracting parties and international organizations for the purpose of developing personnel resources and programs that will facilitate implementation of the Western Convention;

(B) identification of those species of birds that migrate between the United States and other contracting parties, and the habitats upon which those species depend, and the implementation of cooperative measures to ensure that such species will not become endangered or threatened; and

(C) identification of measures that are necessary and appropriate to implement those provisions of the Western Convention which address the protection of wild plants.

(3) No later than September 30, 1985, the Secretary and the Secretary of State shall submit a report to Congress describing those steps taken in accordance with the requirements of this subsection and identifying the principal remaining actions yet necessary for comprehensive and effective implementation of the Western Convention.

(4) The provisions of this subsection shall not be construed as affecting the authority, jurisdiction, or responsibility of the several States to manage, control, or regulate resident fish or wildlife under State law or regulations.

PROHIBITED ACTS

SEC. 9. [16 U.S.C. 1538] (a) GENERAL.—(1) Except as provided in sections 6(g)(2) and 10 of this Act, with respect to any endangered species of fish or wildlife listed pursuant to section 4 of this Act it is unlawful for any person subject to the jurisdiction of the United States to—

(A) import any such species into, or export any such species from the United States;

(B) take any such species within the United States or the territorial sea of the United States;

(C) take any such species upon the high seas;

(D) possess, sell, deliver, carry, transport, or ship, by any means whatsoever, any such species taken in violation of subparagraphs (B) and (C);

(E) deliver, receive, carry, transport, or ship in interstate or foreign commerce, by any means whatsoever and in the course of a commercial activity, any such species;

(F) sell or offer for sale in interstate or foreign commerce any such species; or

(G) violate any regulation pertaining to such species or to any threatened species of fish or wildlife listed pursuant to section 4 of this Act and promulgated by the Secretary pursuant to authority provided by this Act.

(2) Except as provided in sections 6(g)(2) and 10 of this Act, with respect to any endangered species of plants listed pursuant to section 4 of this Act, it is unlawful for any person subject to the jurisdiction of the United States to—

(A) import any such species into, or export any such species from, the United States;

(B) remove and reduce to possession any such species from areas under Federal jurisdiction; maliciously damage or destroy any such species on any such area; or remove cut, dig up, or damage or destroy any such species on any other area in knowing violation of any law or regulation of any state or in the course of any violation of a state criminal trespass law;

(C) deliver, receive, carry, transport, or ship in interstate or foreign commerce, by any means whatsoever and in the course of a commercial activity, any such species;

(D) sell or offer for sale in interstate or foreign commerce any such species; or

(E) violate any regulation pertaining to such species or to any threatened species of plants listed pursuant to section 4 of this Act and promulgated by the Secretary pursuant to authority provided by this Act.

(b)(1) SPECIES HELD IN CAPTIVITY OR CONTROLLED ENVIRONMENT.—The provisions of subsections (a)(1)(A) and (a)(1)(G) of this section shall not apply to any fish or wildlife which was held in captivity or in a controlled environment on (A) December 28, 1973, or (B) the date of the publication in the Federal Register of a final regulation adding such fish or wildlife species to any list published pursuant to subsection (c) of section 4 of this Act: *Provided*, That such holding and any subsequent holding or use of the fish or wildlife as not in the course of a commercial activity. With respect to any act prohibited by subsections (a)(1)(A) and (a)(1)(G) of this section which occurs after a period of 180 days from (i) December 28, 1973, or (ii) the date of publication in the Federal Register of a final regulation adding such fish or wildlife species to any list published pursuant to subsection (c) of section 4 of this Act, there shall be a rebuttable presumption that the fish or wildlife involved in such act is not entitled to the exemption contained in this subsection.

(2)(A) The provisions of subsections (a)(1) shall not apply to—
(i) any raptor legally held in captivity or in a controlled environment on the effective date of the Endangered Species Act Amendments of 1978; or

(ii) any progeny of any raptor described in clause (i); until such time as any such raptor or progeny is intentionally returned to a wild state.

(B) Any person holding any raptor or progeny described in subparagraph (A) must be able to demonstrate that the raptor or progeny does, in fact, qualify under the provisions of this paragraph, and shall maintain and submit to the Secretary, on request, such inventories, documentation, and records as the Secretary may by

regulation require as being reasonably appropriate to carry out the purposes of this paragraph. Such requirements shall not unnecessarily duplicate the requirements of other rules and regulations promulgated by the Secretary.

(c) VIOLATION OF CONVENTION.—(1) It is unlawful for any person subject to the jurisdiction of the United States to engage in any trade in any specimens contrary to the provisions of the Convention, or to possess any specimens traded contrary to the provisions of the Convention, including the definitions of terms in article I thereof.

(2) Any importation into the United States of fish or wildlife shall, if—

(A) such fish or wildlife is not an endangered species listed pursuant to section 4 of this Act but is listed in Appendix II of the Convention;

(B) the taking and exportation of such fish or wildlife is not contrary to the provisions of the Convention and all other applicable requirements of the Convention have been satisfied;

(C) the applicable requirements of subsection (d), (e), and (f) of this section have been satisfied; and

(D) such importation is not made in the course of a commercial activity;

be presumed to be an importation not in violation of any provision of this Act or any regulation issued pursuant to this Act.

(d) IMPORTS AND EXPORTS.—

(1) IN GENERAL.—It is unlawful for any person, without first having obtained permission from the Secretary, to engage in business—

(A) as an importer or exporter of fish or wildlife (other than shellfish and fishery products which (i) are not listed pursuant to section 4 of this Act as endangered species or threatened species, and (ii) are imported for purposes of human or animal consumption or taken in waters under the jurisdiction of the United States or on the high seas for recreational purposes) or plants; or

(B) as an importer or exporter of any amount of raw or worked African elephant ivory.

(2) REQUIREMENTS.—Any person required to obtain permission under paragraph (1) of this subsection shall—

(A) keep such records as will fully and correctly disclose each importation or exportation of fish, wildlife, plants, or African elephant ivory made by him and the subsequent disposition, made by him with respect to such fish, wildlife, plants, or ivory;

(B) at all reasonable times upon notice by a duly authorized representative of the Secretary, afford such representative access to his place of business, an opportunity to examine his inventory of imported fish, wildlife, plants, or African elephant ivory and the records required to be kept under subparagraph (A) of this paragraph, and to copy such records; and

(C) file such reports as the Secretary may require.

(3) REGULATIONS.—The Secretary shall prescribe such regulations as are necessary and appropriate to carry out the purposes of this subsection.

(4) RESTRICTION ON CONSIDERATION OF VALUE OF AMOUNT OF AFRICAN ELEPHANT IVORY IMPORTED OR EXPORTED.—In granting permission under this subsection for importation or exportation of African elephant ivory, the Secretary shall not vary the requirements for obtaining such permission on the basis of the value or amount of ivory imported or exported under such permission.

(e) REPORTS.—It is unlawful for any person importing or exporting fish or wildlife (other than shellfish and fishery products which (1) are not listed pursuant to section 4 of this Act as endangered or threatened species, and (2) are imported for purposes of human or animal consumption or taken in waters under the jurisdiction of the United States or on the high seas for recreational purposes) or plants to fail to file any declaration or report as the Secretary deems necessary to facilitate enforcement of this Act or to meet the obligations of the Convention.

(f) DESIGNATION OF PORTS.—(1) It is unlawful for any person subject to the jurisdiction of the United States to import into or export from the United States any fish or wildlife (other than shellfish and fishery products which (A) are not listed pursuant to section 4 of this Act as endangered species or threatened species, and (B) are imported for purposes of human or animal consumption or taken in waters under the jurisdiction of the United States or on the high seas for recreational purposes) or plants, except at a port of ports designated by the Secretary of the Interior. For the purposes of facilitating enforcement of this Act and reducing the costs thereof, the Secretary of the Interior, with approval of the Secretary of the Treasury and after notice and opportunity for public hearing, may, by regulation, designate ports and change such designations. The Secretary of the Interior, under such terms and conditions as he may prescribe, may permit the importation or exportation at nondesignated ports in the interest of the health or safety of the fish or wildlife or plants, or for other reasons if, in his discretion, he deems it appropriate and consistent with the purpose of this subsection.

(2) Any port designated by the Secretary of the Interior under the authority of section 4(d) of the Act of December 5, 1969 (16 U.S.C. 666cc-4(d)), shall, if such designation is in effect on the day before the date of the enactment of this Act, be deemed to be a port designated by the Secretary under paragraph (1) of this subsection until such time as the Secretary otherwise provides.

(g) VIOLATIONS.—It is unlawful for any person subject to the jurisdiction of the United States to attempt to commit, solicit another to commit, or cause to be committed, any offense defined in this section.

EXCEPTIONS

SEC. 10. [16 U.S.C. 1539] (a) PERMITS.—(1) The Secretary may permit, under such terms and conditions as he shall prescribe—

(A) any act otherwise prohibited by section 9 for scientific purposes or to enhance the propagation or survival of the af-

Title 50: Wildlife and Fisheries

[PART 222—GENERAL ENDANGERED AND THREATENED MARINE SPECIES](#)

[Subpart A—Introduction and General Provisions](#)

[Browse Previous](#) | [Browse Next](#)

§ 222.102 Definitions.

Accelerator funnel means a device used to accelerate the flow of water through a shrimp trawl net.

Act means the Endangered Species Act of 1973, as amended, 16 U.S.C. 1531 *et seq.*

Adequately covered means, with respect to species listed pursuant to section 4 of the Act, that a proposed conservation plan has satisfied the permit issuance criteria under section 10(a)(2)(B) of the Act for the species covered by the plan and, with respect to unlisted species, that a proposed conservation plan has satisfied the permit issuance criteria under section 10(a)(2)(B) of the Act that would otherwise apply if the unlisted species covered by the plan were actually listed. For the Services to cover a species under a conservation plan, it must be listed on the section 10(a)(1)(B) permit.

Alaska Regional Administrator means the Regional Administrator for the Alaska Region of the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, or their authorized representative. Mail sent to the Alaska Regional Administrator should be addressed: Alaska Regional Administrator, F/AK, Alaska Regional Office, National Marine Fisheries Service, NOAA, P.O. Box 21668 Juneau, AK 99802–1668.

Approved turtle excluder device (TED) means a device designed to be installed in a trawl net forward of the cod end for the purpose of excluding sea turtles from the net, as described in 50 CFR 223.207.

Assistant Administrator means the Assistant Administrator for Fisheries of the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, or his authorized representative. Mail sent to the Assistant Administrator should be addressed: Assistant

ABOUT GOVERNMENT

[Ben's Guide to U.S. Government](#)

Administrator for Fisheries, National Marine Fisheries Service, NOAA, 1315 East-West Highway, Silver Spring, MD 20910.

Atlantic Area means all waters of the Atlantic Ocean south of 36°33'00.8" N. lat. (the line of the North Carolina/Virginia border) and adjacent seas, other than waters of the Gulf Area, and all waters shoreward thereof (including ports).

Atlantic Shrimp Fishery—Sea Turtle Conservation Area (Atlantic SFSTCA) means the inshore and offshore waters extending to 10 nautical miles (18.5 km) offshore along the coast of the States of Georgia and South Carolina from the Georgia-Florida border (defined as the line along 30°42'45.6" N. lat.) to the North Carolina-South Carolina border (defined as the line extending in a direction of 135°34'55" from true north from the North Carolina-South Carolina land boundary, as marked by the border station on Bird Island at 33°51'07.9" N. lat., 078°32'32.6" W. long.).

Authorized officer means:

- (1) Any commissioned, warrant, or petty officer of the U.S. Coast Guard;
- (2) Any special agent or enforcement officer of the National Marine Fisheries Service;
- (3) Any officer designated by the head of a Federal or state agency that has entered into an agreement with the Secretary or the Commandant of the Coast Guard to enforce the provisions of the Act; or
- (4) Any Coast Guard personnel accompanying and acting under the direction of any person described in paragraph (1) of this definition.

Bait shrimper means a shrimp trawler that fishes for and retains its shrimp catch alive for the purpose of selling it for use as bait.

Beam trawl means a trawl with a rigid frame surrounding the mouth that is towed from a vessel by means of one or more cables or ropes.

Certificate of exemption means any document so designated by the National Marine Fisheries Service and signed by an authorized official of the National Marine Fisheries Service, including any document which modifies, amends, extends or renews any certificate of exemption.

Chain mat means a device designed to be installed in a scallop dredge forward of the sweep, as described in 50 CFR 223.206, for the purpose of excluding sea turtles from the dredge.

Changed circumstances means changes in circumstances affecting a species or geographic area covered by a conservation plan that can reasonably be anticipated by plan developers and NMFS and that can be planned for (e.g., the listing of new species, or a fire or other natural catastrophic event in areas prone to such events).

Commercial activity means all activities of industry and trade, including, but not limited to, the buying or selling of commodities and activities conducted for the purpose of facilitating such buying and selling: Provided, however, that it does not include the exhibition of commodities by museums or similar cultural or historical organizations.

Conservation plan means the plan required by section 10(a)(2)(A) of the Act that an applicant must submit when applying for an incidental take permit.

Conservation plans also are known as “habitat conservation plans” or “HCPs.”

Conserved habitat areas means areas explicitly designated for habitat restoration, acquisition, protection, or other conservation purposes under a conservation plan.

Cooperative Agreement means an agreement between a state(s) and the National Marine Fisheries Service, NOAA, Department of Commerce, which establishes and maintains an active and adequate program for the conservation of resident species listed as endangered or threatened pursuant to section 6(c)(1) of the Endangered Species Act.

Diamonds , with respect to dredge or dredge gear as defined in this section, means the triangular shaped portions of the ring bag on the “dredge bottom” as defined in 50 CFR 648.2.

Dredge or dredge gear , with respect to the fishery operating under the Atlantic Sea Scallop Fishery Management Plan, means gear consisting of a mouth frame attached to a holding bag constructed of metal rings, or any other modification to this design, that can be or is used in the harvest of sea scallops.

Fishing, or to fish, means:

- (1) The catching, taking, or harvesting of fish or wildlife;
- (2) The attempted catching, taking, or harvesting of fish or wildlife;
- (3) Any other activity that can reasonably be expected to result in the catching, taking, or harvesting of fish or wildlife; or
- (4) Any operations on any waters in support of, or in preparation for, any activity described in paragraphs (1) through (3) of this definition.

Footrope means a weighted rope or cable attached to the lower lip (bottom edge) of the mouth of a trawl net along the forward most webbing.

Footrope length means the distance between the points at which the ends of the footrope are attached to the trawl net, measured along the forward-most webbing.

Foreign commerce includes, among other things, any transaction between persons within one foreign country, or between persons in two or more foreign countries, or between a person within the United States and a person in one or more foreign countries, or between persons within the United States, where the fish or wildlife in question are moving in any country or countries outside the United States.

Four-seam, straight-wing trawl means a design of shrimp trawl in which the main body of the trawl is formed from a top panel, a bottom panel, and two side panels of webbing. The upper and lower edges of the side panels of webbing are parallel over the entire length.

Four-seam, tapered-wing trawl means a design of shrimp trawl in which the main body of the trawl is formed from a top panel, a bottom panel, and two side panels of webbing. The upper and lower edges of the side panels of webbing converge toward the rear of the trawl.

Gillnet means a panel of netting, suspended vertically in the water by floats along the top and weights along the bottom, to entangle fish that attempt to pass through it.

Gulf Area means all waters of the Gulf of Mexico west of 81° W. long. (the line at which the Gulf Area meets the Atlantic Area) and all waters shoreward thereof (including ports).

Gulf Shrimp Fishery-Sea Turtle Conservation Area (Gulf SFSTCA) means the offshore waters extending to 10 nautical miles (18.5 km) offshore along the coast of the States of Texas and Louisiana from the South Pass of the Mississippi River (west of 89°08.5' W. long.) to the U.S.-Mexican border.

Habitat restoration activity means an activity that has the sole objective of restoring natural aquatic or riparian habitat conditions or processes.

Harm in the definition of “take” in the Act means an act which actually kills or injures fish or wildlife. Such an act may include significant habitat modification or degradation which actually kills or injures fish or wildlife by significantly impairing essential behavioral patterns, including, breeding, spawning, rearing, migrating, feeding or sheltering.

Headrope means a rope that is attached to the upper lip (top edge) of the mouth of a trawl net along the forward-most webbing.

Headrope length means the distance between the points at which the ends of the headrope are attached to the trawl net, measured along the forward-most webbing.

Import means to land on, bring into, or introduce into, or attempt to land on, bring into, or introduce into any place subject to the jurisdiction of the United States, whether or not such landing, bringing, or introduction constitutes an importation within the meaning of the tariff laws of the United States.

Inshore means marine and tidal waters landward of the 72 COLREGS demarcation line (International Regulations for Preventing Collisions at Sea, 1972), as depicted or noted on nautical charts published by the National Oceanic and Atmospheric Administration (Coast Charts, 1:80,000 scale) and as described in 33 CFR part 80.

Modified pound net leader means a pound net leader that is affixed to or resting on the sea floor and made of a lower portion of mesh and an upper portion of only vertical lines such that: The mesh size is equal to or less than 8 inches (20.3 cm) stretched mesh; at any particular point along the leader the height of the mesh from the seafloor to the top of the mesh must be no more than one-third the depth of the water at mean lower low water directly above that particular point; the mesh is held in place by vertical lines that extend from the top of the mesh up to a top line, which is a line that forms the uppermost part of the pound net leader; the vertical lines are equal to or greater than 5/16 inch (0.8 cm) in diameter and strung vertically at a minimum of every 2 feet (61 cm); and the vertical lines are hard lay lines with a level of stiffness equivalent to the stiffness of a 5/16 inch (0.8 cm) diameter line composed of polyester wrapped around a blend of polypropylene and polyethylene and containing approximately 42 visible twists of strands per foot of line.

Northeast Regional Administrator means the Regional Administrator for the Northeast Region of the National Marine Fisheries Service, National Oceanic and

Atmospheric Administration, U.S. Department of Commerce, or their authorized representative. Mail sent to the Northeast Regional Administrator should be addressed: Northeast Regional Administrator, F/NE, Northeast Regional Office, National Marine Fisheries Service, NOAA, One Blackburn Drive, Gloucester, MA 01930-2298.

Northwest Regional Administrator means the Regional Administrator for the Northwest Region of the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, or their authorized representative. Mail sent to the Northwest Regional Administrator should be addressed: Northwest Regional Administrator, F/NW, Northwest Regional Office, National Marine Fisheries Service, NOAA, 7600 Sand Point Way NE, Seattle, WA 98115-0070.

Office of Enforcement means the national fisheries enforcement office of the National Marine Fisheries Service. Mail sent to the Office of Enforcement should be addressed: Office of Enforcement, F/EN, National Marine Fisheries Service, NOAA, 8484 Suite 415, Georgia Ave., Silver Spring, MD 20910.

Office of Protected Resources means the national program office of the endangered species and marine mammal programs of the National Marine Fisheries Service. Mail sent to the Office of Protected Resources should be addressed: Office of Protected Resources, F/PR, National Marine Fisheries Service, NOAA, 1315 East West Highway, Silver Spring, MD 20910.

Offshore means marine and tidal waters seaward of the 72 COLREGS demarcation line (International Regulations for Preventing Collisions at Sea, 1972), as depicted or noted on nautical charts published by the National Oceanic and Atmospheric Administration (Coast Charts, 1:80,000 scale) and as described in 33 CFR part 80.

Operating conservation program means those conservation management activities which are expressly agreed upon and described in a Conservation Plan or its Implementing Agreement. These activities are to be undertaken for the affected species when implementing an approved Conservation Plan, including measures to respond to changed circumstances.

Permit means any document so designated by the National Marine Fisheries Service and signed by an authorized official of the National Marine Fisheries Service, including any document which modifies, amends, extends, or renews any permit.

Person means an individual, corporation, partnership, trust, association, or any other private entity, or any officer, employee, agent, department, or instrumentality of the Federal government of any state or political subdivision thereof or of any foreign government.

Possession means the detention and control, or the manual or ideal custody of anything that may be the subject of property, for one's use and enjoyment, either as owner or as the proprietor of a qualified right in it, and either held personally or by another who exercises it in one's place and name. Possession includes the act or state of possessing and that condition of facts under which persons can exercise their power over a corporeal thing at their pleasure to the exclusion of all other persons. Possession includes constructive possession that which means not an actual but an assumed existence one claims to hold by virtue of some title, without having actual custody.

Pound net leader means a long straight net that directs the fish offshore towards the pound, an enclosure that captures the fish. Some pound net leaders are all mesh, while others have stringers and mesh. Stringers are vertical lines in a pound net leader that are spaced a certain distance apart and are not crossed by horizontal lines to form mesh. An offshore pound net leader refers to a leader with the inland end set greater than 10 horizontal feet (3 m) from the mean low water line. A nearshore pound net leader refers to a leader with the inland end set 10 horizontal feet (3 m) or less from the mean low water line.

Pound Net Regulated Area I means Virginia waters of the mainstem Chesapeake Bay, south of 37°19.0' N. lat. and west of 76°13.0' W. long., and all waters south of 37°13.0' N. lat. to the Chesapeake Bay Bridge Tunnel (extending from approximately 37°05' N. lat., 75°59' W. long. to 36°55' N. lat., 76°08' W. long.) at the mouth of the Chesapeake Bay, and the portion of the James River downstream of the Hampton Roads Bridge Tunnel (I-64; approximately 36°59.55' N. lat., 76°18.64' W. long.) and the York River downstream of the Coleman Memorial Bridge (Route 17; approximately 37°14.55' N. lat, 76°30.40' W. long.)

Pound Net Regulated Area II means Virginia waters of the Chesapeake Bay outside of Pound Net Regulated Area I defined above, extending to the Maryland-Virginia State line (approximately 37°55' N. lat., 75°55' W. long.), the Great Wicomico River downstream of the Jessie Dupont Memorial Highway Bridge (Route 200; approximately 37°50.84' N. lat, 76°22.09' W. long.), the Rappahannock River downstream of the Robert Opie Norris Jr. Bridge (Route 3; approximately 37°37.44' N. lat, 76°25.40' W. long.), and the Piankatank River downstream of the Route 3 Bridge (approximately 37°30.62' N. lat, 76°25.19' W. long.) to the COLREGS line at the mouth of the Chesapeake Bay.

Pre-Act endangered species part means any sperm whale oil, including derivatives and products thereof, which was lawfully held within the United States on December 28, 1973, in the course of a commercial activity; or any finished scrimshaw product, if such product or the raw material for such product was lawfully held within the United States on December 28, 1973, in the course of a commercial activity.

Properly implemented conservation plan means any conservation plan, implementing agreement, or permit whose commitments and provisions have been or are being fully implemented by the permittee.

Pusher-head trawl (chopsticks) means a trawl that is spread by two poles suspended from the bow of the trawler in an inverted "V" configuration.

Resident species means, for purposes of entering into cooperative agreements with any state pursuant to section 6(c) of the Act, a species that exists in the wild in that state during any part of its life.

Right whale means, as used in §224.103(c), any whale that is a member of the western North Atlantic population of the northern right whale species (*Eubalaena glacialis*).

Roller trawl means a variety of beam trawl that is used, usually by small vessels, for fishing over uneven or vegetated sea bottoms.

Scrimshaw product means any art form which involves the substantial etching or

engraving of designs upon, or the substantial carving of figures, patterns, or designs from any bone or tooth of any marine mammal of the order Cetacea. For purposes of this part, polishing or the adding of minor superficial markings does not constitute substantial etching, engraving, or carving.

Secretary means the Secretary of Commerce or an authorized representative.

Shrimp means any species of marine shrimp (Order Crustacea) found in the Atlantic Area or the Gulf Area, including, but not limited to:

- (1) Brown shrimp (*Penaeus aztecus*).
- (2) White shrimp (*Penaeus setiferus*).
- (3) Pink shrimp (*Penaeus duorarum*).
- (4) Rock shrimp (*Sicyonia brevirostris*).
- (5) Royal red shrimp (*Hymenopenaeus robustus*).
- (6) Seabob shrimp (*Xiphopenaeus kroyeri*).

Shrimp trawler means any vessel that is equipped with one or more trawl nets and that is capable of, or used for, fishing for shrimp, or whose on-board or landed catch of shrimp is more than 1 percent, by weight, of all fish comprising its on-board or landed catch.

Skimmer trawl means a trawl that is fished along the side of the vessel and is held open by a rigid frame and a lead weight. On its outboard side, the trawl is held open by one side of the frame extending downward and, on its inboard side, by a lead weight attached by cable or rope to the bow of the vessel.

Southeast Regional Administrator means the Regional Administrator for the Southeast Region of the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, or their authorized representative. Mail sent to the Southeast Regional Administrator should be addressed: Southeast Regional Administrator, F/SE, Southeast Regional Office, National Marine Fisheries Service, NOAA, 9721 Executive Center Drive N., St. Petersburg, FL 33702–2432.

Southwest Regional Administrator means the Regional Administrator for the Southwest Region of the National Marine Fisheries Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, or their authorized representative. Mail sent to the Southwest Regional Administrator should be addressed: Southwest Regional Administrator, F/SW, Southwest Regional Office, National Marine Fisheries Service, NOAA, 501 West Ocean Blvd, Suite 4200, Long Beach, CA 90802–4213.

Stretched mesh size means the distance between the centers of the two opposite knots in the same mesh when pulled taut.

Summer flounder means the species *Paralichthys dentatus*.

Summer flounder fishery-sea turtle protection area means all offshore waters, bounded on the north by a line along 37°05' N. lat. (Cape Charles, VA) and

bounded on the south by a line extending in a direction of 135°34'55" from true north from the North Carolina-South Carolina land boundary, as marked by the border station on Bird Island at 33°51'07.9" N. lat., 078°32'32.6" W. long.(the North Carolina-South Carolina border).

Summer flounder trawler means any vessel that is equipped with one or more bottom trawl nets and that is capable of, or used for, fishing for flounder or whose on-board or landed catch of flounder is more than 100 lb (45.4 kg).

Sweep , with respect to dredge or dredge gear as defined in this section, means a chain extending, usually in an arc, from one end of the dredge frame to the other to which the ring bag, including the diamonds, is attached. The sweep forms the edge of the opening of the dredge bag.

Take means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect.

Taper, in reference to the webbing used in trawls, means the angle of a cut used to shape the webbing, expressed as the ratio between the cuts that reduce the width of the webbing by cutting into the panel of webbing through one row of twine (bar cuts) and the cuts that extend the length of the panel of webbing by cutting straight aft through two adjoining rows of twine (point cuts). For example, sequentially cutting through the lengths of twine on opposite sides of a mesh, leaving an uncut edge of twines all lying in the same line, produces a relatively strong taper called "all-bars"; making a sequence of 4-bar cuts followed by 1-point cut produces a more gradual taper called "4 bars to 1 point" or "4b1p"; similarly, making a sequence of 2-bar cuts followed by 1-point cut produces a still more gradual taper called "2b1p"; and making a sequence of cuts straight aft does not reduce the width of the panel and is called a "straight" or "all-points" cut.

Taut means a condition in which there is no slack in the net webbing.

Test net, or *try net*, means a net pulled for brief periods of time just before, or during, deployment of the primary net(s) in order to test for shrimp concentrations or determine fishing conditions (e.g., presence or absence of bottom debris, jellyfish, bycatch, seagrasses, etc.).

Tongue means any piece of webbing along the top, center, leading edge of a trawl, whether lying behind or ahead of the headrope, to which a towing bridle can be attached for purposes of pulling the trawl net and/or adjusting the shape of the trawl.

Transportation means to ship, convey, carry or transport by any means whatever, and deliver or receive for such shipment, conveyance, carriage, or transportation.

Triple-wing trawl means a trawl with a tongue on the top, center, leading edge of the trawl and an additional tongue along the bottom, center, leading edge of the trawl.

Two-seam trawl means a design of shrimp trawl in which the main body of the trawl is formed from a top and a bottom panel of webbing that are directly attached to each other down the sides of the trawl.

Underway with respect to a vessel, means that the vessel is not at anchor, or made

fast to the shore, or aground.

Unforeseen circumstances means changes in circumstances affecting a species or geographic area covered by a conservation plan that could not reasonably have been anticipated by plan developers and NMFS at the time of the conservation plan's negotiation and development, and that result in a substantial and adverse change in the status of the covered species.

Vessel means a vehicle used, or capable of being used, as a means of transportation on water which includes every description of watercraft, including nondisplacement craft and seaplanes.

Vessel restricted in her ability to maneuver has the meaning specified for this term at 33 U.S.C. 2003(g).

Wildlife means any member of the animal kingdom, including without limitation any mammal, fish, bird (including any migratory, nonmigratory, or endangered bird for which protection is also afforded by treaty or other international agreement), amphibian, reptile, mollusk, crustacean, arthropod or other invertebrate, and includes any part, product, egg, or offspring thereof, or the dead body or parts thereof.

Wing net (butterfly trawl) means a trawl that is fished along the side of the vessel and that is held open by a four-sided, rigid frame attached to the outrigger of the vessel.

Title 50: Wildlife and Fisheries

[PART 223—THREATENED MARINE AND ANADROMOUS SPECIES](#)

[Subpart B—Restrictions Applicable to Threatened Marine and Anadromous Species](#)

[Browse Previous](#) | [Browse Next](#)

§ 223.206 Exceptions to prohibitions relating to sea turtles.

(a) *Permits* —(1) *Scientific research, education, zoological exhibition, or species enhancement permits.* The Assistant Administrator may issue permits authorizing activities which would otherwise be prohibited under §223.205(a) for scientific or educational purposes, for zoological exhibition, or to enhance the propagation or survival of threatened species of sea turtles, in accordance with and subject to the conditions of part 222, subpart C—General Permit Procedures.

(2) *Incidental-take permits.* The Assistant Administrator may issue permits authorizing activities that would otherwise be prohibited under §223.205(a) in accordance with section 10(a)(1)(B) of the Act (16 U.S.C. 1539(a)(1)(B)), and in accordance with, and subject to, the implementing regulations in part 222 of this chapter. Such permits may be issued for the incidental taking of threatened and endangered species of sea turtles.

(b) *Exception for injured, dead, or stranded specimens.* If any member of any threatened species of sea turtle is found injured, dead, or stranded, any agent or employee of the National Marine Fisheries Service, the Fish and Wildlife Service, the U.S. Coast Guard, or any other Federal land or water management agency, or any agent or employee of a state agency responsible for fish and wildlife who is designated by his or her agency for such purposes, may, when acting in the course of his or her official duties, take such specimens without a permit if such taking is necessary to aid a sick, injured, or stranded specimen or dispose of a dead specimen or salvage a dead specimen which may be useful for scientific study. Whenever possible, live specimens shall be returned to their aquatic environment as soon as possible. Every action shall be reported in writing to the Assistant Administrator within 30 days, and reports of further occurrence shall be made as deemed appropriate by the Assistant Administrator until the specimen is either returned to its environment or disposed of. Reports shall be mailed by registered or certified mail, return receipt requested, to the Assistant Administrator and shall

ABOUT GOVERNMENT

[Ben's Guide to U.S. Government](#)

contain the following information:

- (1) Name and position of the official or employee involved;
- (2) Description of the specimen(s) involved;
- (3) Date and location of disposal;
- (4) Circumstances requiring the action;
- (5) Method of disposal;
- (6) Disposition of the specimen(s), including, where the specimen(s) has been retained in captivity, a description of the place and means of confinement, and the measures taken for its maintenance and care; and
- (7) Such other information as the Assistant Administrator may require.

(c) *Exception for research or conservation.* Any employee or agent of the National Marine Fisheries Service, the Fish and Wildlife Service, or a state fish and wildlife agency operating a conservation program pursuant to the terms of a Cooperative Agreement with the National Marine Fisheries Service or the Fish and Wildlife Service in accordance with section 6(c) of the Act, designated by his or her agency for such purposes, may, when acting in the course of his or her official duties, take any threatened species to carry out scientific research or conservation programs. All such takings shall be reported within 30 days of the taking to the Assistant Administrator who may request additional reports of the taking and research at the Assistant Administrator's discretion.

(d) *Exception for incidental taking .* The prohibitions against taking in §223.205(a) do not apply to the incidental take of any member of a threatened species of sea turtle (i.e., a take not directed towards such member) during fishing or scientific research activities, to the extent that those involved are in compliance with all applicable requirements of paragraphs (d)(1) through (d)(11) of this section, or in compliance with the terms and conditions of an incidental take permit issued pursuant to paragraph (a)(2) of this section.

(1) *Handling and resuscitation requirements.* (i) Any specimen taken incidentally during the course of fishing or scientific research activities must be handled with due care to prevent injury to live specimens, observed for activity, and returned to the water according to the following procedures:

(A) Sea turtles that are actively moving or determined to be dead as described in paragraph (d)(1)(i)(C) of this section must be released over the stern of the boat. In addition, they must be released only when fishing or scientific collection gear is not in use, when the engine gears are in neutral position, and in areas where they are unlikely to be recaptured or injured by vessels.

(B) Resuscitation must be attempted on sea turtles that are comatose, or inactive, as determined in paragraph (d)(1) of this section, by:

(1) Placing the turtle on its bottom shell (plastron) so that the turtle is right side up and elevating its hindquarters at least 6 inches (15.2 cm) for a period of 4 up to 24 hours. The amount of the elevation depends on the size of the turtle; greater elevations are needed for larger turtles. Periodically, rock the turtle gently left to

right and right to left by holding the outer edge of the shell (carapace) and lifting one side about 3 inches (7.6 cm) then alternate to the other side. Gently touch the eye and pinch the tail (reflex test) periodically to see if there is a response.

(2) Sea turtles being resuscitated must be shaded and kept damp or moist but under no circumstance be placed into a container holding water. A water-soaked towel placed over the head, carapace, and flippers is the most effective method in keeping a turtle moist.

(3) Sea turtles that revive and become active must be released over the stern of the boat only when fishing or scientific collection gear is not in use, when the engine gears are in neutral position, and in areas where they are unlikely to be recaptured or injured by vessels. Sea turtles that fail to respond to the reflex test or fail to move within 4 hours (up to 24, if possible) must be returned to the water in the same manner as that for actively moving turtles.

(C) A turtle is determined to be dead if the muscles are stiff (rigor mortis) and/or the flesh has begun to rot; otherwise the turtle is determined to be comatose or inactive and resuscitation attempts are necessary.

(ii) In addition to the provisions of paragraph (d)(1)(i) of this section, a person aboard a vessel in the Atlantic, including the Caribbean Sea and the Gulf of Mexico, that has pelagic or bottom longline gear on board and that has been issued, or is required to have, a limited access permit for highly migratory species under §635.4 of this title, must comply with the handling and release requirements specified in §635.21 of this title.

(iii) Any specimen taken incidentally during the course of fishing or scientific research activities must not be consumed, sold, landed, offloaded, transshipped, or kept below deck.

(2) *Gear requirements for trawlers* —(i) *TED requirement for shrimp trawlers.* Any shrimp trawler that is in the Atlantic Area or Gulf Area must have an approved TED installed in each net that is rigged for fishing. A net is rigged for fishing if it is in the water, or if it is shackled, tied, or otherwise connected to any trawl door or board, or to any tow rope, cable, pole or extension, either on board or attached in any manner to the shrimp trawler. Exceptions to the TED requirement for shrimp trawlers are provided in paragraph (d)(2)(ii) of this section.

(ii) *Exemptions from the TED requirement* —(A) *Alternative tow-time restrictions.* A shrimp trawler is exempt from the TED requirements of paragraph (d)(2)(i) of this section if it complies with the alternative tow-time restrictions in paragraph (d)(3)(i) of this section and if it:

(1) Has on board no power or mechanical-advantage trawl retrieval system (i.e., any device used to haul any part of the net aboard);

(2) Is a bait shrimper that retains all live shrimp on board with a circulating seawater system, if it does not possess more than 32 lb. (14.5 kg) of dead shrimp on board, if it has a valid original state bait-shrimp license, and if the state license allows the licensed vessel to participate in the bait shrimp fishery exclusively;

(3) Has only a pusher-head trawl, skimmer trawl, or wing net rigged for fishing;

(4) Is in an area during a period for which tow-time restrictions apply under

paragraphs (d)(3)(ii) or (iii) of this section, if it complies with all applicable provisions imposed under those paragraphs; or

(5) Is using a single test net (try net) with a headrope length of 12 ft (3.6 m) or less and with a footrope length of 15 ft (4.6 m) or less, if it is pulled immediately in front of another net or is not connected to another net in any way, if no more than one test net is used at a time, and if it is not towed as a primary net, in which case the exemption under this paragraph (d)(2)(ii)(A) applies to the test net.

(B) *Exempted gear or activities.* The following fishing gear or activities are exempted from the TED requirements of paragraph (d)(2)(i) of this section:

(1) A beam or roller trawl, if the frame is outfitted with rigid vertical bars, and if none of the spaces between the bars, or between the bars and the frame, exceeds 4 inches (10.2 cm); and

(2) A shrimp trawler fishing for, or possessing, royal red shrimp, if royal red shrimp constitutes at least 90 percent (by weight) of all shrimp either found on board, or offloaded from that shrimp trawler.

(iii) *Gear requirement—summer flounder trawlers* —(A) *TED requirement.* (1) Any summer flounder trawler in the summer flounder fishery-sea turtle protection area must have an approved TED installed in each net that is rigged for fishing. A net is rigged for fishing if it is in the water, or if it is shackled, tied, or otherwise connected to any trawl door or board, or to any tow rope, cable, pole or extension, either on board or attached in any manner to the summer flounder trawler. Exceptions to the TED requirement for summer flounder trawlers are provided in paragraph (d)(2)(iii)(B) of this section.

(2) Any approved hard TED or special hard TED installed in a summer flounder trawl must be installed in a TED extension. The TED extension is a cylindrical piece of webbing distinct from the main trawl's body, wings, codend, and any other net extension(s). The TED extension must be constructed of webbing no larger than 3.5 inch (8.9 cm) stretched mesh. The TED extension must extend at least 24 inches (61.0 cm) but not more than 36 inches (91.4 cm) forward of the leading edge of the TED and aft of the trailing edge of the grid.

(B) *Exemptions from the TED requirement.* Any summer flounder trawler north of 35°46.1' N. lat. (Oregon Inlet, NC) from January 15 through March 15 annually is exempt from the TED requirement of paragraph (d)(2)(iii)(A) of this section, unless the Assistant Administrator determines that TED use is necessary to protect sea turtles or ensure compliance, pursuant to the procedures of paragraph (d)(4) of this section.

(C) *Monitoring.* Summer flounder trawlers must carry onboard a NMFS-approved observer if requested by the Southeast Regional Administrator or the Northeast Regional Administrator. A written notification will be sent to the address specified for the vessel in either the NMFS or state fishing permit application, or to the address specified for registration or documentation purposes, or upon written notification otherwise served on the owner or operator of the vessel. Owners and operators must comply with the terms and conditions specified in such written notification. All NMFS-approved observers will report any violations of this section, or other applicable regulations and laws. Information collected by observers may be used for enforcement purposes.

(D) *Additional sea turtle conservation measures.* The Assistant Administrator may impose other such restrictions upon summer flounder trawlers as the Assistant Administrator deems necessary or appropriate to protect sea turtles and ensure compliance, pursuant to the procedures of paragraph (d)(4) of this section. Such measures may include, but are not limited to, a requirement to use TEDs in areas other than summer flounder fishery-sea turtle protection area, a requirement to use limited tow-times, and closure of the fishery.

(3) *Tow-time restrictions* —(i) *Duration of tows.* If tow-time restrictions are utilized pursuant to paragraph (d)(2)(ii), (d)(3)(ii), or (d)(3)(iii) of this section, a shrimp trawler must limit tow times. The tow time is measured from the time that the trawl door enters the water until it is removed from the water. For a trawl that is not attached to a door, the tow time is measured from the time the codend enters the water until it is removed from the water. Tow times may not exceed:

(A) 55 minutes from April 1 through October 31; and

(B) 75 minutes from November 1 through March 31.

(ii) *Alternative—special environmental conditions.* The Assistant Administrator may allow compliance with tow-time restrictions, as an alternative to the TED requirement of paragraph (d)(2)(i) of this section, if the Assistant Administrator determines that the presence of algae, seaweed, debris or other special environmental conditions in a particular area makes trawling with TED-equipped nets impracticable.

(iii) *Substitute—ineffectiveness of TEDs.* The Assistant Administrator may require compliance with tow-time restrictions, as a substitute for the TED requirement of paragraph (d)(2)(i) of this section, if the Assistant Administrator determines that TEDs are ineffective in protecting sea turtles.

(iv) *Notice; applicability; conditions.* The Assistant Administrator will publish notification concerning any tow-time restriction imposed under paragraph (d)(3)(ii) or (iii) of this section in the Federal Register and will announce it in summary form on channel 16 of the marine VHF radio. A notification of tow-time restrictions will include findings in support of these restrictions as an alternative to, or as substitute for, the TED requirements. The notification will specify the effective dates, the geographic area where tow-time restrictions apply, and any applicable conditions or restrictions that the Assistant Administrator determines are necessary or appropriate to protect sea turtles and ensure compliance, including, but not limited to, a requirement to carry observers, to register vessels in accordance with procedures at paragraph (d)(5) of this section, or for all shrimp trawlers in the area to synchronize their tow times so that all trawl gear remains out of the water during certain times. A notification withdrawing tow-time restrictions will include findings in support of that action.

(v) *Procedures.* The Assistant Administrator will consult with the appropriate fishery officials (state or Federal) where the affected shrimp fishery is located in issuing a notification concerning tow-time restrictions. An emergency notification can be effective for a period of up to 30 days and may be renewed for additional periods of up to 30 days each if the Assistant Administrator finds that the conditions necessitating the imposition of tow-time restrictions continue to exist. The Assistant Administrator may invite comments on such an action, and may withdraw or modify the action by following procedures similar to those for

implementation. The Assistant Administrator will implement any permanent tow-time restriction through rulemaking.

(4) *Limitations on incidental takings during fishing activities* —(i) *Limitations*. The exemption for incidental takings of sea turtles in paragraph (d) of this section does not authorize incidental takings during fishing activities if the takings:

(A) Would violate the restrictions, terms, or conditions of an incidental take statement or biological opinion;

(B) Would violate the restrictions, terms, or conditions of an incidental take permit; or

(C) May be likely to jeopardize the continued existence of a species listed under the Act.

(ii) *Determination; restrictions on fishing activities*. The Assistant Administrator may issue a determination that incidental takings during fishing activities are unauthorized. Pursuant thereto, the Assistant Administrator may restrict fishing activities in order to conserve a species listed under the Act, including, but not limited to, restrictions on the fishing activities of vessels subject to paragraph (d)(2) of this section. The Assistant Administrator will take such action if the Assistant Administrator determines that restrictions are necessary to avoid unauthorized takings that may be likely to jeopardize the continued existence of a listed species. The Assistant Administrator may withdraw or modify a determination concerning unauthorized takings or any restriction on fishing activities if the Assistant Administrator determines that such action is warranted.

(iii) *Notice; applicability; conditions*. The Assistant Administrator will publish a notification of a determination concerning unauthorized takings or a notification concerning the restriction of fishing activities in the Federal Register. The Assistant Administrator will provide as much advance notice as possible, consistent with the requirements of the Act, and will announce the notification in summary form on channel 16 of the marine VHF radio. Notification of a determination concerning unauthorized takings will include findings in support of that determination; specify the fishery, including the target species and gear used by the fishery, the area, and the times, for which incidental takings are not authorized; and include such other conditions and restrictions as the Assistant Administrator determines are necessary or appropriate to protect sea turtles and ensure compliance. Notification of restriction of fishing activities will include findings in support of the restriction, will specify the time and area where the restriction is applicable, and will specify any applicable conditions or restrictions that the Assistant Administrator determines are necessary or appropriate to protect sea turtles and ensure compliance. Such conditions and restrictions may include, but are not limited to, limitations on the types of fishing gear that may be used, tow-time restrictions, alteration or extension of the periods of time during which particular tow-time requirements apply, requirements to use TEDs, registration of vessels in accordance with procedures at paragraph (d)(5) of this section, and requirements to provide observers. Notification of withdrawal or modification will include findings in support of that action.

(iv) *Procedures*. The Assistant Administrator will consult with the appropriate fisheries officials (state or Federal) where the fishing activities are located in issuing notification of a determination concerning unauthorized takings or

notification concerning the restriction of fishing activities. An emergency notification will be effective for a period of up to 30 days and may be renewed for additional periods of up to 30 days each, except that emergency placement of observers will be effective for a period of up to 180 days and may be renewed for an additional period of 60 days. The Assistant Administrator may invite comments on such action, and may withdraw or modify the action by following procedures similar to those for implementation. The Assistant Administrator will implement any permanent determination or restriction through rulemaking.

(5)–(6) [Reserved]

(7) Restrictions applicable to gillnet fisheries in North Carolina. No person may fish with gillnet fishing gear which has a stretched mesh size larger than 41/4 inches (10.8 cm), annually from September 1 through December 15, in the inshore waters of Pamlico Sound, North Carolina, and all contiguous tidal waters, bounded on the north by 35°46.3' N. lat., on the south by 35°00' N. lat., and on the west by 76°30' W. long.

(8) *Restrictions applicable to large mesh gillnet fisheries in the mid-Atlantic region.* No person may fish with or possess on board a boat, any gillnet with a stretched mesh size 7–inches (17.8 cm) or larger, unless such gillnets are covered with canvas or other similar material and lashed or otherwise securely fastened to the deck or the rail, and all buoys larger than 6–inches (15.2 cm) in diameter, high flyers, and anchors are disconnected. This restriction applies in the Atlantic Exclusive Economic Zone (as defined in 50 CFR 600.10) during the following time periods and in the following area:

(i) Waters north of 33° 51.0' N. (North Carolina/South Carolina border at the coast) and south of 35° 46.0' N. (Oregon Inlet) at any time;

(ii) Waters north of 35° 46.0' N. (Oregon Inlet) and south of 3° 22.5' N. (Currituck Beach Light, NC) from March 16 through January 14;

(iii) Waters north of 36° 22.5' N. (Currituck Beach Light, NC) and south of 37° 34.6' N. (Wachapreague Inlet, VA) from April 1 through January 14; and

(iv) Waters north of 37° 34.6' N. (Wachapreague Inlet, VA) and south of 37° 56.0' N. (Chincoteague, VA) from April 16 through January 14.

(9) *Restrictions applicable to Pacific pelagic longline vessels.* In addition to the general prohibitions specified in §600.725 of chapter VI of this title, it is unlawful for any person who is not operating under a western Pacific longline permit under §665.801 of this title to do any of the following on the high seas of the Pacific Ocean east of 150° W. long. and north of the Equator (0° N. lat.):

(i) Direct fishing effort toward the harvest of swordfish (*Xiphias gladius*) using longline gear.

(ii) Possess a light stick on board a longline vessel. A light stick as used in this paragraph is any type of light emitting device, including any fluorescent *glow bead*, chemical, or electrically powered light that is affixed underwater to the longline gear.

(iii) An operator of a longline vessel subject to this section may land or possess no more than 10 swordfish from a fishing trip where any part of the trip included

fishing east of 150° W. long. and north of the equator (0° N. lat.).

(iv) Fail to employ basket-style longline gear such that the mainline is deployed slack when fishing.

(v) When a conventional monofilament longline is deployed by a vessel, no fewer than 15 branch lines may be set between any two floats. Vessel operators using basket-style longline gear must set a minimum of 10 branch lines between any 2 floats.

(vi) Longline gear must be deployed such that the deepest point of the main longline between any two floats, i.e., the deepest point in each sag of the main line, is at a depth greater than 100 m (328.1 ft or 54.6 fm) below the sea surface.

(10) *Restrictions applicable to pound nets in Virginia* —(i) *Offshore pound net leaders in Pound Net Regulated Area I.* During the time period of May 6 through July 15 each year, any offshore pound net leader in Pound Net Regulated Area I must meet the definition of a modified pound net leader. Any offshore pound net leader in Pound Net Regulated Area I that does not meet the definition of a modified pound net leader must be removed from the water prior to May 6 and may not be reset until July 16.

(ii) *Nearshore pound net leaders in Pound Net Regulated Area I and all pound net leaders in Pound Net Regulated Area II.* During the time period of May 6 to July 15 each year, any nearshore pound net leader in Pound Net Regulated Area I and any pound net leader in Pound Net Regulated Area II must have only mesh size less than 12 inches (30.5 cm) stretched mesh and may not employ stringers. Any nearshore pound net leader in Pound Net Regulated Area I or any pound net leader in Pound Net Regulated Area II with stretched mesh measuring 12 inches (30.5 cm) or greater, or with stringers, must be removed from the water prior to May 6 and may not be reset until July 16. A pound net leader is exempt from these measures only if it meets the definition of a modified pound net leader.

(iii) *Protocol for measuring mesh size.* This protocol applies to measuring mesh size in leaders described in 50 CFR 223.206(d)(10)(i) and 223.206(d)(10)(ii). Mesh sizes are measured by a wedge-shaped gauge having a taper of 0.79 in. (2 cm) in 3.15 in. (8 cm) and a thickness of 0.09 in. (2.3 mm) inserted into the meshes under a pressure or pull of 11.02 lb. (5 kg). The mesh size is the average of the measurement of any series of 20 consecutive meshes. The mesh in the leader is measured at or near the horizontal and vertical center of a leader panel.

(iv) *Reporting requirement.* At any time during the year, if a sea turtle is taken live and uninjured in a pound net operation, the operator of the vessel must report the incident to the NMFS Northeast Regional Office, (978) 281–9328 or fax (978) 281–9394, within 24 hours of returning from the trip in which the incidental take was discovered. The report shall include a description of the sea turtles condition at the time of release and the measures taken as required in paragraph (d)(1) of this section. At any time during the year, if a sea turtle is taken in a pound net operation, and is determined to be injured, or if a turtle is captured dead, the operator of the vessel shall immediately notify NMFS Northeast Regional Office and the appropriate rehabilitation or stranding network, as determined by NMFS Northeast Regional Office.

(v) *Monitoring.* Owners or operators of pound net fishing operations must allow access to the pound net gear so it may be observed by a NMFS-approved observer

if requested by the Northeast Regional Administrator. All NMFS-approved observers will report any violations of this section, or other applicable regulations and laws. Information collected by observers may be used for law enforcement purposes.

(vi) *Expedited modification of restrictions and effective dates.* From May 6 to July 15 of each year, if NMFS receives information that one sea turtle is entangled alive or that one sea turtle is entangled dead, and NMFS determines that the entanglement contributed to its death, in pound net leaders that are in compliance with the restrictions described in paragraph (d)(10)(ii) of this section, NMFS may issue a final rule modifying the restrictions on pound net leaders as necessary to protect threatened sea turtles. Such modifications may include, but are not limited to, reducing the maximum allowable mesh size of pound net leaders and prohibiting the use of pound net leaders regardless of mesh size. In addition, if information indicates that a significant level of sea turtle entanglements, impingements or strandings will likely continue beyond July 15, NMFS may issue a final rule extending the effective date of the restrictions, including any additional restrictions imposed under this paragraph (d)(10)(vi), for an additional 15 days, but not beyond July 30, to protect threatened sea turtles.

(vii) *Modified leader inspection program.* Any fisherman planning to use a modified pound net leader in Pound Net Regulated Area I or Pound Net Regulated Area II at any time from May 6 through July 15 must make his/her leader available for inspection and tagging by NMFS according to the following procedures. At least 72 hours prior to deploying a modified pound net leader, the fisherman or his/her representative must call NMFS at 757-414-0128 between 7:00 a.m. and 5:00 p.m. local time and arrange for a mutually agreeable meeting date, time, and place. The fisherman must meet NMFS at such location at the designated time and allow NMFS to examine his or her gear to help ensure the leader is in compliance with the definition of a modified pound net leader. NMFS will ascertain whether the leader meets the following four criteria taken from that definition: (1) the lower portion of the leader is mesh and the upper portion consists of only vertical lines; (2) the mesh size is equal to or less than 8 inches (20.3 cm) stretched mesh; (3) the vertical lines are equal to or greater than 5/16 inch (0.8 cm) in diameter and strung vertically at least every 2 feet (61 cm); and (4) the vertical lines are hard lay lines with a level of stiffness equivalent to the stiffness of a 5/16 inch (0.8 cm) diameter line composed of polyester wrapped around a blend of polypropylene and polyethylene and containing approximately 42 visible twists of strands per foot of line. NMFS will also measure the height of the mesh in relation to the height of the entire leader. During the inspection, the fisherman must provide accurate and specific latitude and longitude coordinates of the location at which the leader will be deployed, as well as information on the low water depth at each end of the modified leader at the site at which it will be set. If the leader meets the four criteria previously described, the measurement of the height of the mesh in relation to the total height of the leader is recorded, and the low water depth and latitude and longitude coordinates of the specific location at which the leader will be deployed are provided and recorded, the leader will pass inspection. If it passes inspection, NMFS will tag the leader with one or more tamperproof tags. Removing or tampering with any tag placed on the leader by NMFS is prohibited. If a tag is damaged, destroyed, or lost due to any cause, the fisherman must call NMFS at 757-414-0128 within 48 hours of discovery to report this incident. After the leader is determined to have passed inspection, NMFS will issue a letter to the fisherman indicating that the leader passed inspection. The fisherman must retain that letter on board his/her vessel tending the inspected leader at all times it is

deployed. Modified pound net leaders must pass inspection prior to being used at any time during the time period from May 6 through July 15 of each year.

(11) *Restrictions applicable to sea scallop dredges in the mid-Atlantic* —(i) *Gear Modification*. During the time period of May 1 through November 30, any vessel with a sea scallop dredge and required to have a Federal Atlantic sea scallop fishery permit, regardless of dredge size or vessel permit category, that enters waters south of 41° 9.0' N. latitude, from the shoreline to the outer boundary of the Exclusive Economic Zone must have on each dredge a chain mat described as follows. The chain mat must be composed of horizontal (“tickler”) chains and vertical (“up-and-down”) chains that are configured such that the openings formed by the intersecting chains have no more than 4 sides. The vertical and horizontal chains must be hung to cover the opening of the dredge bag such that the vertical chains extend from the back of the cutting bar to the sweep. The horizontal chains must intersect the vertical chains such that the length of each side of the openings formed by the intersecting chains is less than or equal to 14 inches (35.5 cm) with the exception of the side of any individual opening created by the sweep. The chains must be connected to each other with a shackle or link at each intersection point. The measurement must be taken along the chain, with the chain held taut, and include one shackle or link at the intersection point and all links in the chain up to, but excluding, the shackle or link at the other intersection point.

(ii) Any vessel that enters the waters described in paragraph (d)(11)(i) of this section and that is required to have a Federal Atlantic sea scallop fishery permit must have the chain mat configuration installed on all dredges for the duration of the trip.

(iii) Vessels subject to the requirements in paragraphs (d)(11)(i) and (d)(11)(ii) of this section transiting waters south of 41°9.0' N. latitude, from the shoreline to the outer boundary of the Exclusive Economic Zone, will be exempted from the chain-mat requirements provided the dredge gear is stowed in accordance with §648.23(b) and there are no scallops on-board.

[64 FR 14070, Mar. 23, 1999]

Editorial Note: For Federal Register citations to §223.206, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at www.fdsys.gov.

Effective Date Notes: 1. At 64 FR 14070, Mar. 23, 1999, newly redesignated §223.206 was revised. Paragraph (d)(5) contains information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

2. At 67 FR 41203, June 17, 2002, §223.206 was amended by adding paragraph (d)(2)(v). Paragraph (d)(2)(v)(C) contains information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

e-CFR Data is current as of July 25, 2011

Title 15: Commerce and Foreign Trade

PART 4—DISCLOSURE OF GOVERNMENT INFORMATION

Subpart A—Freedom of Information Act

§ 4.1 General.

(a) The information in this part is furnished for the guidance of the public and in compliance with the requirements of the Freedom of Information Act (FOIA), as amended (5 U.S.C. 552). This part sets forth the procedures the Department of Commerce (Department) and its components follow to make publicly available the materials and indices specified in 5 U.S.C. 552(a)(2) and records requested under 5 U.S.C. 552(a)(3). Information routinely provided to the public as part of a regular Department activity (for example, press releases issued by the Office of Public Affairs) may be provided to the public without following this part.

(b) As used in this subpart, *component* means any office, division, bureau or other unit of the Department listed in Appendix A to this part (except that a regional office of a larger office or other unit does not constitute a separate component).

§ 4.2 Public reference facilities.

(a) The Department maintains public reference facilities (listed in Appendix A to this part) that contain the records the FOIA requires to be made regularly available for public inspection and copying; furnishes information; receives and processes requests for records under the FOIA; and otherwise assists the public concerning Department operations under the FOIA.

(b) Each component of the Department shall determine which of its records are required to be made available for public inspection and copying, and make those records available either in its own public reference facility or in the Department's Central Reference and Records Inspection Facility. Each component shall maintain and make available for public inspection and copying a current subject-matter index of its public inspection facility records. Each index shall be updated regularly, at least quarterly, with respect to newly included records. In accordance with 5 U.S.C. 552(a)(2), the Department has determined that it is unnecessary and impracticable to publish quarterly or more frequently and distribute copies of the index and supplements thereto.

(c) Each component shall make public inspection facility records created on or after November 1, 1996 available electronically through the Department's "FOIA Home Page" link found at the Department's World Wide Web site (<http://www.doc.gov>). Information available at the site shall include:

(1) Each component's index of its public inspection facility records, which indicates which records are available electronically; and

(2) The general index referred to in paragraph (d)(3) of this section.

(d) The Department shall maintain and make available for public inspection and copying:

- (1) A current index providing identifying information for the public as to any matter that is issued, adopted, or promulgated after July 4, 1997, and that is retained as a record and is required to be made available or published. Copies of the index are available upon request after payment of the direct cost of duplication;
- (2) Copies of records that have been released and that the component that maintains them determines, because of their subject matter, have become or are likely to become the subject of subsequent requests for substantially the same records;
- (3) A general index of the records described in paragraph (d)(2) of this section;
- (4) Final opinions and orders, including concurring and dissenting opinions made in the adjudication of cases;
- (5) Those statements of policy and interpretations that have been adopted by a component and are not published in the Federal Register ; and
- (6) Administrative staff manuals and instructions to staff that affect a member of the public.

§ 4.3 Records under the FOIA.

- (a) Records under the FOIA include all Government records, regardless of format, medium or physical characteristics, and include electronic records and information, audiotapes, videotapes, and photographs.
- (b) Under the FOIA, the Department has no obligation to create, compile, or obtain from outside the Department a record to satisfy a request. In complying with a request for electronic data, whether the Department creates or compiles records (as by undertaking significant programming work) or merely extracts them from an existing database may be unclear. The Department shall in any case undertake reasonable efforts to search for the information in electronic format.
- (c) Department officials may, upon request, create and provide new records pursuant to user fee statutes, such as the first paragraph of 15 U.S.C. 1525, or in accordance with authority otherwise provided by law. Such creation and provision of records is outside the scope of the FOIA.
- (d) Components shall preserve all correspondence pertaining to the requests they receive under this subpart, as well as copies of all requested records, until disposition or destruction is authorized by Title 44 of the United States Code or the National Archives and Records Administration's General Records Schedule 14. Components shall not dispose of records while they are the subject of a pending request, appeal, or lawsuit under the FOIA.

§ 4.4 Requirements for making requests.

- (a) A request for records of the Department which are not customarily made available to the public as part of the Department's regular informational services must be in writing (and may be sent by mail, facsimile, or E-mail), and shall be processed under the FOIA, regardless whether the FOIA is mentioned in the request. Requests should be mailed to the Department component identified in Appendix A to this part that maintains those records, or may be sent by facsimile or E-mail to the numbers or addresses, respectively, listed at the Department's "FOIA Home Page" link found at the Department's World Wide Web site (<http://www.doc.gov>).¹ If the proper component cannot be determined, the request should be sent to the central facility identified in Appendix A to this part. The central facility will forward the request to the component(s) it believes most likely to have the requested records. For the quickest handling, the request (and envelope, if the request is mailed) should be marked "Freedom of Information Act Request."

¹ The United States Patent and Trademark Office (USPTO), which is established as an agency of the United States within the Department of Commerce, operates under its own FOIA regulations at 37 CFR part 102, subpart A. Accordingly, requests for USPTO records should be sent directly to the USPTO.

(b) For requests for records about oneself, §4.24 contains additional requirements. For requests for records about another individual, either a written authorization signed by the individual permitting disclosure of his or her records to the requester or proof that the individual is deceased (for example, a copy of a death certificate or an obituary) facilitates processing the request.

(c) The records requested must be described in enough detail to enable Department personnel to locate them with a reasonable amount of effort. If possible, a request should include specific information about each record sought, such as the date, title or name, author, recipient, and subject matter of the record, and the name and location of the office where the record is located. Also, if records about a court case are sought, the title of the case, the court in which the case was filed, and the nature of the case should be included. If known, any file designations or descriptions of the requested records should be included. In general, the more specifically the request describes the records sought, the greater the likelihood that the Department will be able to locate those records. If a component determines that a request does not reasonably describe records, it shall inform the requester what additional information is needed or how the request is otherwise insufficient, to enable the requester to modify the request to meet the requirements of this section.

§ 4.5 Responsibility for responding to requests.

(a) *In general*. Except as stated in paragraph (b) of this section, the proper component of the Department to respond to a request for records is the component that first receives the request and has responsive records, or the component to which the Departmental Freedom of Information Officer assigns lead responsibility for responding to the request. Records responsive to a request shall include those records within the Department's possession and control as of the date the Department begins its search for them.

(b) *Consultations and referrals*. If a component receives a request for a record in its possession in which another Federal agency subject to the FOIA has the primary interest, the component shall refer the record to that agency for direct response to the requester. Ordinarily, the agency that originated a record will be presumed to have the primary interest in it. A component shall consult with another Federal agency before responding to a requester if the component receives a request for a record in which another Federal agency subject to the FOIA has a significant interest, but not the primary interest; or another Federal agency not subject to the FOIA has the primary interest or a significant interest (see §4.8 for additional information about referrals of classified information).

(c) *Notice of referral*. Whenever a component refers a document to another Federal agency for direct response to the requester, it ordinarily shall notify the requester in writing of the referral and inform the requester of the name of the agency to which the document was referred.

(d) *Timing of responses to consultations and referrals*. All consultations and referrals shall be handled in chronological order, based on when the FOIA request was received by the first Federal agency.

(e) *Agreements regarding consultations and referrals*. Components may make agreements with other Federal agencies to eliminate the need for consultations or referrals for particular types of records.

[66 FR 65632, Dec. 20, 2001, as amended at 71 FR 31073, June 1, 2006]

§ 4.6 Time limits and expedited processing.

(a) *In general*. Components ordinarily shall respond to requests according to their order of receipt.

(b) *Initial response and appeal*. Subject to paragraph (c)(1) of this section, an initial response shall be made within 20 working days (*i.e.* , excluding Saturdays, Sundays, and legal public holidays) of the receipt of a request for a record under this part by the proper component identified in accordance with §4.5(a), and an appeal shall be decided within 20 working days of its receipt by the Office of the General Counsel.

(c) *Unusual circumstances*. (1) In unusual circumstances as specified in paragraph (c)(2) of this section, an official listed in Appendix B to this part may extend the time limits in paragraph (b) of this section by notifying the requester in writing as soon as practicable of the unusual circumstances and of the date by which processing of the request is

expected to be completed. If the extension is for more than ten working days, the component shall provide the requester an opportunity either to modify the request so that it may be processed within the applicable time limit, or to arrange an alternative time frame for processing the request or a modified request.

(2) As used in this section, *unusual circumstances* means, but only to the extent reasonably necessary to properly process the particular request:

(i) The need to search for and collect the requested records from field facilities or other establishments separate from the office processing the request;

(ii) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records that are the subject of a single request; or

(iii) The need for consultation, which shall be conducted with all practicable speed, with another component or Federal agency having a substantial interest in the determination of the request.

(3) If a component reasonably believes that multiple requests submitted by a requester, or by a group of requesters acting in concert, constitute a single request that would otherwise involve unusual circumstances, and the requests involve clearly related matters, the component may aggregate them. Multiple requests involving unrelated matters will not be aggregated.

(d) *Multitrack processing.* (1) A component may use two or more processing tracks by distinguishing between simple and more complex requests based on the number of pages involved, or some other measure of the amount of work and/or time needed to process the request, and whether the request qualifies for expedited processing as described in paragraph (e) of this section.

(2) A component using multitrack processing may provide requesters in its slower track(s) with an opportunity to limit the scope of their requests in order to qualify for faster processing. A component doing so shall contact the requester by telephone, E-mail, or letter, whichever is most efficient in each case.

(e) *Expedited processing.* (1) Requests and appeals shall be taken out of order and given expedited treatment whenever it is determined that they involve:

(i) Circumstances in which the lack of expedited treatment could reasonably be expected to pose an imminent threat to the life or physical safety of an individual;

(ii) The loss of substantial due process rights;

(iii) A matter of widespread and exceptional media interest involving questions about the Government's integrity which affect public confidence; or

(iv) An urgency to inform the public about an actual or alleged Federal Government activity, if made by a person primarily engaged in disseminating information.

(2) A request for expedited processing may be made at the time of the initial request for records or at any later time. For a prompt determination, a request for expedited processing should be sent to the component listed in Appendix A to this part that maintains the records requested.

(3) A requester who seeks expedited processing must submit a statement, certified to be true and correct to the best of that person's knowledge and belief, explaining in detail the basis for requesting expedited processing. For example, a requester within the category described in paragraph (e)(1)(iv) of this section, if not a full-time member of the news media, must establish that he or she is a person whose main professional activity or occupation is information dissemination, though it need not be his or her sole occupation. A requester within the category described in paragraph (e)(1)(iv) of this section must also establish a particular urgency to inform the public about the Government activity involved in the request, beyond the public's right to know about Government activity generally.

(4) Within ten calendar days of its receipt of a request for expedited processing, the proper component shall decide whether to grant it and shall notify the requester of the decision. Solely for purposes of calculating the foregoing time limit, any request for expedited processing shall always be considered received on the actual date of receipt by the proper component. If a request for expedited processing is granted, the request shall be given priority and processed as soon as practicable, subject to §4.11(i). If a request for expedited processing is denied, any appeal of that decision shall be acted on expeditiously.

§ 4.7 Responses to requests.

(a) *Grants of requests.* If a component makes a determination to grant a request in whole or in part, it shall notify the requester in writing. The component shall inform the requester in the notice of any fee to be charged under §4.11 and disclose records to the requester promptly upon payment of any applicable fee. Records disclosed in part shall be marked or annotated to show the applicable FOIA exemption(s) and the amount of information deleted, unless doing so would harm an interest protected by an applicable exemption. The location of the information deleted shall also be indicated on the record, if feasible.

(b) *Adverse determinations of requests.* If a component makes an adverse determination regarding a request, it shall notify the requester of that determination in writing. An adverse determination is a denial of a request in any respect, namely: a determination to withhold any requested record in whole or in part; a determination that a requested record does not exist or cannot be located; a determination that a record is not readily reproducible in the form or format sought by the requester; a determination that what has been requested is not a record subject to the FOIA (except that a determination under §4.11(j) that records are to be made available under a fee statute other than the FOIA is not an adverse determination); a determination against the requester on any disputed fee matter, including a denial of a request for a reduction or waiver of fees; or a denial of a request for expedited processing. Each denial letter shall be signed by an official listed in Appendix B to this part, and shall include:

(1) The name and title or position of the denying official;

(2) A brief statement of the reason(s) for the denial, including applicable FOIA exemption(s);

(3) An estimate of the volume of records or information withheld, in number of pages or some other reasonable form of estimation. This estimate need not be provided if the volume is otherwise indicated through deletions on records disclosed in part, or if providing an estimate would harm an interest protected by an applicable FOIA exemption; and

(4) A statement that the denial may be appealed, and a list of the requirements for filing an appeal under §4.10(b).

§ 4.8 Classified Information.

In processing a request for information classified under Executive Order 12958 or any other executive order concerning the classification of records, the information shall be reviewed to determine whether it should remain classified. Ordinarily the component or other Federal agency that classified the information should conduct the review, except that if a record contains information that has been derivatively classified by a component because it contains information classified by another component or agency, the component shall refer the responsibility for responding to the request to the component or agency that classified the underlying information. Information determined to no longer require classification shall not be withheld on the basis of FOIA exemption (b)(1) (5 U.S.C. 552(b)(1)), but should be reviewed to assess whether any other FOIA exemptions should be invoked. Appeals involving classified information shall be processed in accordance with §4.10(c).

§ 4.9 Business Information.

(a) *In general.* Business information obtained by the Department from a submitter will be disclosed under the FOIA only under this section.

(b) *Definitions.* For the purposes of this section:

(1) *Business information* means commercial or financial information, obtained by the Department from a submitter, which may be protected from disclosure under FOIA exemption (b)(4) (5 U.S.C. 552(b)(4)).

(2) *Submitter* means any person or entity outside the Federal Government from which the Department obtains business information, directly or indirectly. The term includes corporations; state, local and tribal governments; and foreign governments.

(c) *Designation of business information.* A submitter of business information should designate by appropriate markings, either at the time of submission or at a reasonable time thereafter, any portions of its submission that it considers protected from disclosure under FOIA exemption (b)(4). These designations will expire ten years after the date of the submission unless the submitter requests, and provides justification for, a longer period.

(d) *Notice to submitters.* A component shall provide a submitter with prompt written notice of a FOIA request or administrative appeal that seeks its business information whenever required under paragraph (e) of this section, except as provided in paragraph (h) of this section, in order to give the submitter an opportunity under paragraph (f) of this section to object to disclosure of any specified portion of that information. Such written notice shall be sent via certified mail, return receipt requested, or similar means. The notice shall either describe the business information requested or include copies of the requested records containing the information. If notification of a large number of submitters is required, notification may be made by posting or publishing the notice in a place reasonably likely to accomplish notification.

(e) *When notice is required.* Notice shall be given to the submitter whenever:

(1) The submitter has designated the information in good faith as protected from disclosure under FOIA exemption (b)(4); or

(2) The component has reason to believe that the information may be protected from disclosure under FOIA exemption (b)(4).

(f) *Opportunity to object to disclosure.* A component shall allow a submitter seven working days (*i.e.* , excluding Saturdays, Sundays, and legal public holidays) from the date of receipt of the written notice described in paragraph (d) of this section to provide the component with a statement of any objection to disclosure. The statement must identify any portions of the information the submitter requests to be withheld under FOIA exemption (b)(4), and describe how each qualifies for protection under the exemption: that is, why the information is a trade secret, or commercial or financial information that is privileged or confidential. If a submitter fails to respond to the notice within the time specified, the submitter will be considered to have no objection to disclosure of the information. Information a submitter provides under this paragraph may itself be subject to disclosure under the FOIA.

(g) *Notice of intent to disclose.* A component shall consider a submitter's objections and specific grounds under the FOIA for nondisclosure in deciding whether to disclose business information. If a component decides to disclose business information over a submitter's objection, the component shall give the submitter written notice via certified mail, return receipt requested, or similar means, which shall include:

(1) A statement of reason(s) why the submitter's objections to disclosure were not sustained;

(2) A description of the business information to be disclosed; and

(3) A statement that the component intends to disclose the information seven working days from the date the submitter receives the notice.

(h) *Exceptions to notice requirements.* The notice requirements of paragraphs (d) and (g) of this section shall not apply if:

(1) The component determines that the information should not be disclosed;

(2) The information has been lawfully published or has been officially made available to the public;

(3) Disclosure of the information is required by statute (other than the FOIA) or by a regulation issued in accordance with Executive Order 12600; or

(4) The designation made by the submitter under paragraph (c) of this section appears obviously frivolous, in which case the component shall provide the submitter written notice of any final decision to disclose the information seven working days from the date the submitter receives the notice.

(i) *Notice to submitter of FOIA lawsuit.* Whenever a requester files a lawsuit seeking to compel the disclosure of business information, the component shall promptly notify the submitter.

(j) *Corresponding notice to requester.* Whenever a component provides a submitter with notice and an opportunity to object to disclosure under paragraph (d) of this section, the component shall also notify the requester. Whenever a submitter files a lawsuit seeking to prevent the disclosure of business information, the component shall notify the requester.

§ 4.10 Appeals from initial determinations or untimely delays.

(a) If a request for records is initially denied in whole or in part, or has not been timely determined, or if a requester receives an adverse initial determination regarding any other matter under this subpart (as described in §4.7(b)), the requester may file a written appeal or an electronic appeal, which must be received by the Office of General Counsel during normal business hours (8:30 a.m. to 5 p.m., Eastern Time, Monday through Friday) within thirty calendar days of the date of the written denial or, if there has been no determination, may be submitted anytime after the due date, including the last extension under §4.6(c), of the determination. Written or electronic appeals arriving after normal business hours will be deemed received on the next normal business day.

(b) Appeals shall be decided by the Assistant General Counsel for Administration (AGC-Admin), except that appeals for records which were initially denied by the AGC-Admin shall be decided by the General Counsel. Written appeals should be addressed to the AGC-Admin, or the General Counsel if the records were initially denied by the AGC-Admin. The address of both is: U.S. Department of Commerce, Office of General Counsel, Room 5875, 14th and Constitution Avenue NW., Washington, DC 20230. An appeal may also be sent via facsimile at 202-482-2552. For a written appeal, both the letter and the appeal envelope should be clearly marked "Freedom of Information Appeal". The address for electronic appeals is FOIAAppeals@doc.gov. The appeal (written or electronic) must include a copy of the original request and the initial denial, if any, and a statement of the reasons why the records requested should be made available and why the initial denial, if any, was in error. No opportunity for personal appearance, oral argument or hearing on appeal is provided.

(c) Upon receipt of an appeal involving records initially denied on the basis of FOIA exemption (b)(1), the records shall be forwarded to the Deputy Assistant Secretary for Security (DAS) for a declassification review. The DAS may overrule previous classification determinations in whole or in part if continued protection in the interest of national security is no longer required, or no longer required at the same level. The DAS shall advise the AGC-Admin, or the General Counsel, as appropriate, of his or her decision.

(d) If an appeal is granted, the person who filed the appeal shall be immediately notified and copies of the releasable documents shall be made available promptly thereafter upon receipt of appropriate fees determined in accordance with §4.11.

(e) If no determination on an appeal has been sent to the requester within the twenty working day period specified in §4.6(b) or the last extension thereof, the requester is deemed to have exhausted all administrative remedies with respect to the request, giving rise to a right of judicial review under 5 U.S.C. 552(a)(6)(C). If the requester initiates a court action against the Department based on the provision in this paragraph, the administrative appeal process may continue.

(f) The determination on an appeal shall be in writing and, when it denies records in whole or in part, the letter to the requester shall include:

(1) A brief explanation of the basis for the denial, including a list of the applicable FOIA exemptions and a description of how they apply;

(2) A statement that the decision is final for the Department;

(3) Notification that judicial review of the denial is available in the district court of the United States in the district in which the requester resides, or has his or her principal place of business, or in which the agency records are located, or in the District of Columbia; and

(4) The name and title or position of the official responsible for denying the appeal.

[66 FR 65632, Dec. 20, 2001, as amended at 69 FR 49784, Aug. 12, 2004]

§ 4.11 Fees.

(a) *In general.* Components shall charge for processing requests under the FOIA in accordance with paragraph (c) of this section, except when fees are limited under paragraph (d) of this section or when a waiver or reduction of fees is granted under paragraph (k) of this section. A component shall collect all applicable fees before sending copies of requested records to a requester. Requesters must pay fees by check or money order made payable to the Treasury of the United States.

(b) *Definitions.* For purposes of this section:

(1) *Commercial use request* means a request from or on behalf of a person who seeks information for a use or purpose that furthers his or her commercial, trade, or profit interests, which can include furthering those interests through litigation. Components shall determine, whenever reasonably possible, the use to which a requester will put the requested records. If it appears that the requester will put the records to a commercial use, or if a component has reasonable cause to doubt a requester's asserted non-commercial use, the component shall provide the requester a reasonable opportunity to submit further clarification.

(2) *Direct costs* means those expenses a component incurs in providing a particular service. Such expenses would include, for example, the labor costs of the employee performing the service (the basic rate of pay for the employee, plus 16 percent of that rate to cover benefits). Not included in direct costs are overhead expenses such as the costs of space, heating, or lighting of the facility in which the service is performed.

(3) *Duplication* means the making of a copy of a record, or of the information contained in it, necessary to respond to a FOIA request. Copies may take the form of paper, microform, audiovisual materials, or electronic records (for example, magnetic tape or disk), among others. A component shall honor a requester's specified preference of form or format of disclosure if the component can reproduce the record in the requested form or format with reasonable effort.

(4) *Educational institution* means a preschool, a public or private elementary or secondary school, an institution of undergraduate higher education, an institution of graduate higher education, an institution of professional education, or an institution of vocational education, that operates a program of scholarly research. To be in this category, a requester must show that the request is authorized by and is made under the auspices of a qualifying institution, and that the records are sought to further scholarly research rather than for a commercial use.

(5) *Noncommercial scientific institution* means an institution that is not operated on a "commercial" basis, as that term is defined in paragraph (b)(1) of this section, and that is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry. To be in this category, a requester must show that the request is authorized by and is made under the auspices of a qualifying institution and that the records are sought to further scientific research rather than for a commercial use.

(6) *Representative of the news media, or news media requester* means any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term "news" means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations broadcasting to the public at large and publishers of periodicals (but only if they can qualify as disseminators of "news") that make their products available for purchase or subscription by the general public. For "freelance" journalists to be regarded as working for a news organization, they must demonstrate a solid basis for

expecting publication through that organization. A publication contract would be the clearest proof, but components shall also look to the past publication record of a requester in making this determination. To be in this category, a requester must not be seeking the requested records for a commercial use. However, a request for records supporting the news-dissemination function of the requester shall not be considered to be for a commercial use.

(7) *Review* means the examination of a record located in response to a request in order to determine whether any portion of it is exempt from disclosure. It also includes processing any record for disclosure, for example, redacting it and marking any applicable exemptions. Review costs are recoverable even if a record ultimately is not disclosed. Review time does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(8) *Search* means the process of looking for and retrieving records or information responsive to a request. It includes page-by-page or line-by-line identification of information within records and also includes reasonable efforts to locate and retrieve information from records maintained in electronic form or format. Components shall ensure that searches are done in the most efficient and least expensive manner reasonably possible.

(c) *Fees*. In responding to FOIA requests, components shall charge the fees summarized in chart form in paragraphs (c)(1) and (c)(2) of this section and explained in paragraphs (c)(3) through (c)(5) of this section, unless a waiver or reduction of fees has been granted under paragraph (k) of this section.

(1) The four categories and chargeable fees are:

Category	Chargeable fees
(i) Commercial Use Requesters	Search, Review, and Duplication.
(ii) Educational and Non-commercial Scientific Institution Requesters	Duplication (excluding the cost of the first 100 pages).
(iii) Representatives of the News Media	Duplication (excluding the cost of the first 100 pages).
(iv) All Other Requesters	Search and Duplication (excluding the cost of the first 2 hours of search and 100 pages).

(2) Uniform fee schedule.

Service	Rate
(i) Manual search	Actual salary rate of employee involved, plus 16 percent of salary rate.
(ii) Computerized search	Actual direct cost, including operator time.
(iii) Duplication of records:	
(A) Paper copy reproduction	\$.16 per page
(B) Other reproduction (e.g., computer disk or printout, microfilm, microfiche, or microform)	Actual direct cost, including operator time.
(iv) Review of records (including redaction)	Actual salary rate of employee

	conducting review, plus 16 percent of salary rate.
--	--

(3) *Search.* (i) Search fees shall be charged for all requests—other than requests made by educational institutions, noncommercial scientific institutions, or representatives of the news media—subject to the limitations of paragraph (d) of this section. Components shall charge for time spent searching even if they do not locate any responsive records or if they withhold any records located as entirely exempt from disclosure. Search fees shall be the direct costs of conducting the search by the involved employees.

(ii) For computer searches of records, requesters will be charged the direct costs of conducting the search, although certain requesters (as provided in paragraph (d)(1) of this section) will be charged no search fee and certain other requesters (as provided in paragraph (d)(3) of this section) are entitled to the cost equivalent of two hours of manual search time without charge.

(4) *Duplication.* Duplication fees shall be charged to all requesters, subject to the limitations of paragraph (d) of this section. For a paper photocopy of a record (no more than one copy of which need be supplied), the fee shall be \$.16 cents per page. For copies produced by computer, such as tapes or printouts, components shall charge the direct costs, including operator time, of producing the copy. For other forms of duplication, components shall charge the direct costs of that duplication.

(5) *Review.* Review fees shall be charged to requesters who make a commercial use request. Review fees shall be charged only for the initial record review, in which a component determines whether an exemption applies to a particular record at the initial request level. No charge shall be imposed for review at the administrative appeal level for an exemption already applied. However, records withheld under an exemption that is subsequently determined not to apply may be reviewed again to determine whether any other exemption not previously considered applies, and the costs of that review are chargeable. Review fees shall be the direct costs of conducting the review by the involved employees.

(d) *Limitations on charging fees.* (1) No search fee shall be charged for requests from educational institutions, noncommercial scientific institutions, or representatives of the news media.

(2) No search fee or review fee shall be charged for a quarter-hour period unless more than half of that period is required for search or review.

(3) Except for requesters seeking records for a commercial use, components shall provide without charge:

(i) The first 100 pages of duplication (or the cost equivalent); and

(ii) The first two hours of search (or the cost equivalent).

(4) If a total fee calculated under paragraph (c) of this section is \$20.00 or less for any request, no fee shall be charged. If such total fee is more than \$20.00, the full amount of such fee shall be charged.

(5) The provisions of paragraphs (d) (3) and (4) of this section work together. This means that for requesters other than those seeking records for a commercial use, no fee shall be charged unless the cost of search in excess of two hours plus the cost of duplication in excess of 100 pages totals more than \$20.00.

(e) *Notice of anticipated fees over \$20.00.* If a component determines or estimates that the total fee to be charged under this section will be more than \$20.00, the component shall notify the requester of the actual or estimated fee, unless the requester has stated in writing a willingness to pay a fee as high as that anticipated. If only a portion of the fee can be estimated readily, the component shall advise the requester that the estimated fee may be only a portion of the total fee. If the component has notified a requester that the actual or estimated fee is more than \$20.00, the component shall not consider the request received for purposes of calculating the time limit in §4.6(b) to respond to a request, or process it further, until the requester agrees to pay the anticipated total fee. Any agreement to pay should

be memorialized in writing. A notice under this paragraph shall offer the requester an opportunity to contact Departmental personnel to discuss modifying the request to meet the requester's needs at a lower cost.

(f) *Charges for other services.* Apart from the other provisions of this section, if a component decides, as a matter of administrative discretion, to comply with a request for special services, the component shall charge the direct cost of providing them. Such services could include certifying that records are true copies or sending records by other than ordinary mail.

(g) *Charging interest.* Components shall charge interest on any unpaid bill starting on the 31st calendar day following the date of billing the requester. Interest charges shall be assessed at the rate provided in 31 U.S.C. 3717 and accrue from the date of the billing until the component receives payment. Components shall take all steps authorized by the Debt Collection Act of 1982, as amended by the Debt Collection Improvement Act of 1996, to effect payment, including offset, disclosure to consumer reporting agencies, and use of collection agencies.

(h) *Aggregating requests.* If a component reasonably believes that a requester or a group of requesters acting together is attempting to divide a request into a series of requests for the purpose of avoiding fees, the component may aggregate those requests and charge accordingly. Among the factors a component shall consider in deciding whether to aggregate are the closeness in time between the component's receipt of the requests, and the relatedness of the matters about which the requests are made. A component may generally presume that multiple requests that involve related matters made by the same requester or a closely related group of requesters within a 30 calendar day period have been made in order to avoid fees. If requests are separated by a longer period, a component shall aggregate them only if a solid basis exists for determining that aggregation is warranted under all the circumstances involved. Multiple requests involving unrelated matters shall not be aggregated.

(i) *Advance payments.* (1) For requests other than those described in paragraphs (i)(2) and (3) of this section, a component shall not require the requester to make an advance payment: a payment made before work is begun or continued on a request. Payment owed for work already completed (*i.e.* , a payment before copies are sent to a requester) is not an advance payment.

(2) If a component determines or estimates that a total fee to be charged under this section will be more than \$250.00, the component shall not consider the request received for purposes of calculating the time limit in §4.6(b) to respond to a request, or process it further, until it receives payment from the requester of the entire anticipated fee.

(3) If a requester has previously failed to pay a properly charged FOIA fee to any component or other Federal agency within 30 calendar days of the date of billing, a component shall require the requester to pay the full amount due, plus any applicable interest, and to make an advance payment of the full amount of any anticipated fee, before the component begins to process a new request or continues to process a pending request from that requester. For purposes of calculating the time limit in §4.6(b) to respond to a request, the component shall not consider the request received until it receives full payment of all applicable fees and interest in this paragraph.

(4) Upon the completion of processing of a request, if a specific fee is determined to be payable and appropriate notice has been given to the requester, a component shall make records available to the requester only upon receipt of full payment of the fee.

(j) *Other statutes specifically providing for fees.* The fee schedule of this section does not apply to fees charged under any statute (except for the FOIA) that specifically requires an agency to set and collect fees for particular types of records. If records responsive to requests are maintained for distribution by agencies operating such statutorily based fee schedule programs, components shall inform requesters how to obtain records from those sources. Provision of such records is not handled under the FOIA.

(k) *Requirements for waiver or reduction of fees.* (1) Records responsive to a request will be furnished without charge, or at a charge reduced below that established under paragraph (c) of this section, if the requester asks for such a waiver in writing and the responsible component determines, after consideration of information provided by the requester, that the requester has demonstrated that:

(i) Disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the Government; and

(ii) Disclosure of the information is not primarily in the commercial interest of the requester.

(2) To determine whether the first fee waiver requirement is met, components shall consider the following factors:

(i) *The subject of the request*: whether the subject of the requested records concerns the operations or activities of the Government. The subject of the requested records must concern identifiable operations or activities of the Federal Government, with a connection that is direct and clear, not remote or attenuated.

(ii) *The informative value of the information to be disclosed*: whether the disclosure is “likely to contribute” to an understanding of Government operations or activities. The disclosable portions of the requested records must be meaningfully informative about Government operations or activities in order to be “likely to contribute” to an increased public understanding of those operations or activities. The disclosure of information that already is in the public domain, in either a duplicative or a substantially identical form, would not be likely to contribute to such understanding.

(iii) *The contribution to an understanding of the subject by the public likely to result from disclosure*: whether disclosure of the requested information will contribute to the understanding of a reasonably broad audience of persons interested in the subject, as opposed to the individual understanding of the requester. A requester's expertise in the subject area and ability and intention to effectively convey information to the public shall be considered. It shall be presumed that a representative of the news media satisfies this consideration. Merely providing information to media sources is insufficient to satisfy this consideration.

(iv) *The significance of the contribution to public understanding*: whether the disclosure is likely to contribute “significantly” to public understanding of Government operations or activities. The public's understanding of the subject in question prior to the disclosure must be significantly enhanced by the disclosure.

(3) To determine whether the second fee waiver requirement (*i.e.* , that disclosure is not primarily in the commercial interest of the requester) is met, components shall consider the following factors:

(i) *The existence and magnitude of a commercial interest*: whether the requester has a commercial interest that would be furthered by the requested disclosure. Components shall consider any commercial interest of the requester (with reference to the definition of “commercial use request” in paragraph (b)(1) of this section), or of any person on whose behalf the requester may be acting, that would be furthered by the requested disclosure. Requesters shall be given an opportunity to provide explanatory information regarding this consideration.

(ii) *The primary interest in disclosure*: whether any identified commercial interest of the requester is sufficiently great, in comparison with the public interest in disclosure, that disclosure is “primarily in the commercial interest of the requester.” A fee waiver or reduction is justified if the public interest standard (paragraph (k)(1)(i) of this section) is satisfied and the public interest is greater than any identified commercial interest in disclosure. Components ordinarily shall presume that if a news media requester has satisfied the public interest standard, the public interest is the primary interest served by disclosure to that requester. Disclosure to data brokers or others who merely compile and market Government information for direct economic return shall not be presumed to primarily serve the public interest.

(4) If only some of the records to be released satisfy the requirements for a fee waiver, a waiver shall be granted for those records.

(5) Requests for the waiver or reduction of fees should address the factors listed in paragraphs (k)(2) and (3) of this section, insofar as they apply to each request.

The Freedom of Information Act, 5 U.S.C. § 552
As Amended By
Public Law No. 110-175, 121 Stat. 2524

Below is the full text of the Freedom of Information Act in a form showing all amendments to the statute made by the “Openness Promotes Effectiveness in our National Government Act of 2007.” All newly enacted provisions are in boldface type.

§ 552. Public information; agency rules, opinions, orders, records, and proceedings

(a) Each agency shall make available to the public information as follows:

(1) Each agency shall separately state and currently publish in the Federal Register for the guidance of the public—

(A) descriptions of its central and field organization and the established places at which, the employees (and in the case of a uniformed service, the members) from whom, and the methods whereby, the public may obtain information, make submittals or requests, or obtain decisions;

(B) statements of the general course and method by which its functions are channeled and determined, including the nature and requirements of all formal and informal procedures available;

(C) rules of procedure, descriptions of forms available or the places at which forms may be obtained, and instructions as to the scope and contents of all papers, reports, or examinations;

(D) substantive rules of general applicability adopted as authorized by law, and statements of general policy or interpretations of general applicability formulated and adopted by the agency; and

(E) each amendment, revision, or repeal of the foregoing.

Except to the extent that a person has actual and timely notice of the terms thereof, a person may not in any manner be required to resort to, or be adversely affected by, a matter required to be published in the Federal Register and not so published. For the purpose of this paragraph, matter reasonably available to the class of persons affected thereby is deemed published in the Federal Register when incorporated by reference therein with the approval of the Director of the Federal Register.

(2) Each agency, in accordance with published rules, shall make available for public inspection and copying—

(A) final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(B) those statements of policy and interpretations which have been adopted by the agency and are not published in the Federal Register;

(C) administrative staff manuals and instructions to staff that affect a member of the public;

(D) copies of all records, regardless of form or format, which have been released to any person under paragraph (3) and which, because of the nature of their subject matter, the agency determines have become or are likely to become the subject of subsequent requests for substantially the same records; and

(E) a general index of the records referred to under subparagraph (D);

unless the materials are promptly published and copies offered for sale. For records created on or after November 1, 1996, within one year after such date, each agency shall make such records available, including by computer telecommunications or, if computer telecommunications means have not been established by the agency, by other electronic means. To the extent required to prevent a clearly unwarranted invasion of personal privacy, an agency may delete identifying details when it makes available or publishes an opinion, statement of policy, interpretation, staff manual, instruction, or copies of records referred to in subparagraph (D). However, in each case the justification for the deletion shall be explained fully in writing, and the extent of such deletion shall be indicated on the portion of the record which is made available or published, unless including that indication would harm an interest protected by the exemption in subsection (b) under which the deletion is made. If technically feasible, the extent of the deletion shall be indicated at the place in the record where the deletion was made. Each agency shall also maintain and make available for public inspection and copying current indexes providing identifying information for the public as to any matter issued, adopted, or promulgated after July 4, 1967, and required by this paragraph to be made available or published. Each agency shall promptly publish, quarterly or more frequently, and distribute (by sale or otherwise) copies of each index or supplements thereto unless it determines by order published in the Federal Register that the publication would be unnecessary and impracticable, in which case the agency shall nonetheless provide copies of an index on request at a cost not to exceed the direct cost of duplication. Each agency shall make the index referred to in subparagraph (E) available by computer telecommunications by December 31, 1999. A final order, opinion, statement of policy, interpretation, or staff manual or instruction that affects a member of the public may be relied on, used, or cited as precedent by an agency against a party other than an agency only if—

(i) it has been indexed and either made available or published as provided by this paragraph; or

(ii) the party has actual and timely notice of the terms thereof.

(3)(A) Except with respect to the records made available under paragraphs (1) and (2) of this subsection, and except as provided in subparagraph (E), each agency, upon any request for records which (i) reasonably describes such records and (ii) is made in accordance with published rules stating the time, place, fees (if any), and procedures to be followed, shall make the records promptly available to any person.

(B) In making any record available to a person under this paragraph, an agency shall provide the record in any form or format requested by the person if the record is readily reproducible by the agency in that form or format. Each agency shall make reasonable efforts to maintain its records in forms or formats that are reproducible for purposes of this section.

(C) In responding under this paragraph to a request for records, an agency shall make reasonable efforts to search for the records in electronic form or format, except when such efforts would significantly interfere with the operation of the agency's automated information system.

(D) For purposes of this paragraph, the term "search" means to review, manually or by automated means, agency records for the purpose of locating those records which are responsive to a request.

(E) An agency, or part of an agency, that is an element of the intelligence community (as that term is defined in section 3(4) of the National Security Act of 1947 (50 U.S.C. 401a(4))) shall not make any record available under this paragraph to—

(i) any government entity, other than a State, territory, commonwealth, or district of the United States, or any subdivision thereof; or

(ii) a representative of a government entity described in clause (i).

(4)(A)(i) In order to carry out the provisions of this section, each agency shall promulgate regulations, pursuant to notice and receipt of public comment, specifying the schedule of fees applicable to the processing of requests under this section and establishing procedures and guidelines for determining when such fees should be waived or reduced. Such schedule shall conform to the guidelines which shall be promulgated, pursuant to notice and receipt of public comment, by the Director of the Office of Management and Budget and which shall provide for a uniform schedule of fees for all agencies.

(ii) Such agency regulations shall provide that—

(I) fees shall be limited to reasonable standard charges for document search, duplication, and review, when records are requested for commercial use;

(II) fees shall be limited to reasonable standard charges for document duplication when records are not sought for commercial use and the request is made by an educational or noncommercial scientific institution, whose purpose is scholarly or scientific research; or a representative of the news media; and

(III) for any request not described in (I) or (II), fees shall be limited to reasonable standard charges for document search and duplication.

In this clause, the term ‘a representative of the news media’ means any person or entity that gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience. In this clause, the term ‘news’ means information that is about current events or that would be of current interest to the public. Examples of news-media entities are television or radio stations broadcasting to the public at large and publishers of periodicals (but only if such entities qualify as disseminators of ‘news’) who make their products available for purchase by or subscription by or free distribution to the general public. These examples are not all-inclusive. Moreover, as methods of news delivery evolve (for example, the adoption of the electronic dissemination of newspapers through telecommunications services), such alternative media shall be considered to be news-media entities. A freelance journalist shall be regarded as working for a news-media entity if the journalist can demonstrate a solid basis for expecting publication through that entity, whether or not the journalist is actually employed by the entity. A publication contract would present a solid basis for such an expectation; the Government may also consider the past publication record of the requester in making such a determination.

(iii) Documents shall be furnished without any charge or at a charge reduced below the fees established under clause (ii) if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the

operations or activities of the government and is not primarily in the commercial interest of the requester.

(iv) Fee schedules shall provide for the recovery of only the direct costs of search, duplication, or review. Review costs shall include only the direct costs incurred during the initial examination of a document for the purposes of determining whether the documents must be disclosed under this section and for the purposes of withholding any portions exempt from disclosure under this section. Review costs may not include any costs incurred in resolving issues of law or policy that may be raised in the course of processing a request under this section. No fee may be charged by any agency under this section—

(I) if the costs of routine collection and processing of the fee are likely to equal or exceed the amount of the fee; or

(II) for any request described in clause (ii)(II) or (III) of this subparagraph for the first two hours of search time or for the first one hundred pages of duplication.

(v) No agency may require advance payment of any fee unless the requester has previously failed to pay fees in a timely fashion, or the agency has determined that the fee will exceed \$250.

(vi) Nothing in this subparagraph shall supersede fees chargeable under a statute specifically providing for setting the level of fees for particular types of records.

(vii) In any action by a requester regarding the waiver of fees under this section, the court shall determine the matter de novo: Provided, That the court's review of the matter shall be limited to the record before the agency.

(viii) An agency shall not assess search fees (or in the case of a requester described under clause (ii)(II), duplication fees) under this subparagraph if the agency fails to comply with any time limit under paragraph (6), if no unusual or exceptional circumstances (as those terms are defined for purposes of paragraphs (6)(B) and (C), respectively) apply to the processing of the request. [Effective one year from date of enactment]

(B) On complaint, the district court of the United States in the district in which the complainant resides, or has his principal place of business, or in which the agency records are situated, or in the District of Columbia, has

jurisdiction to enjoin the agency from withholding agency records and to order the production of any agency records improperly withheld from the complainant. In such a case the court shall determine the matter de novo, and may examine the contents of such agency records in camera to determine whether such records or any part thereof shall be withheld under any of the exemptions set forth in subsection (b) of this section, and the burden is on the agency to sustain its action. In addition to any other matters to which a court accords substantial weight, a court shall accord substantial weight to an affidavit of an agency concerning the agency's determination as to technical feasibility under paragraph (2)(C) and subsection (b) and reproducibility under paragraph (3)(B).

(C) Notwithstanding any other provision of law, the defendant shall serve an answer or otherwise plead to any complaint made under this subsection within thirty days after service upon the defendant of the pleading in which such complaint is made, unless the court otherwise directs for good cause is shown.

[(D) Repealed. Pub. L. 98-620, title IV, Sec. 402(2), Nov. 8, 1984, 98 Stat. 3357.]

(E)(i) The court may assess against the United States reasonable attorney fees and other litigation costs reasonably incurred in any case under this section in which the complainant has substantially prevailed.

(ii) For purposes of this subparagraph, a complainant has substantially prevailed if the complainant has obtained relief through either—

(I) a judicial order, or an enforceable written agreement or consent decree; or

(II) a voluntary or unilateral change in position by the agency, if the complainant's claim is not insubstantial.

(F)(i) Whenever the court orders the production of any agency records improperly withheld from the complainant and assesses against the United States reasonable attorney fees and other litigation costs, and the court additionally issues a written finding that the circumstances surrounding the withholding raise questions whether agency personnel acted arbitrarily or capriciously with respect to the withholding, the Special Counsel shall promptly initiate a proceeding to determine whether disciplinary action is warranted against the officer or employee who was primarily responsible for the withholding. The Special Counsel, after investigation and consideration of the evidence submitted, shall submit his findings and recommendations to the administrative authority of the agency concerned

and shall send copies of the findings and recommendations to the officer or employee or his representative. The administrative authority shall take the corrective action that the Special Counsel recommends.

(ii) The Attorney General shall—

(I) notify the Special Counsel of each civil action described under the first sentence of clause (i); and

(II) annually submit a report to Congress on the number of such civil actions in the preceding year.

(iii) The Special Counsel shall annually submit a report to Congress on the actions taken by the Special Counsel under clause (i).

(G) In the event of noncompliance with the order of the court, the district court may punish for contempt the responsible employee, and in the case of a uniformed service, the responsible member.

(5) Each agency having more than one member shall maintain and make available for public inspection a record of the final votes of each member in every agency proceeding.

(6)(A) Each agency, upon any request for records made under paragraph (1), (2), or (3) of this subsection, shall—

(i) determine within 20 days (excepting Saturdays, Sundays, and legal public holidays) after the receipt of any such request whether to comply with such request and shall immediately notify the person making such request of such determination and the reasons therefor, and of the right of such person to appeal to the head of the agency any adverse determination; and

(ii) make a determination with respect to any appeal within twenty days (excepting Saturdays, Sundays, and legal public holidays) after the receipt of such appeal. If on appeal the denial of the request for records is in whole or in part upheld, the agency shall notify the person making such request of the provisions for judicial review of that determination under paragraph (4) of this subsection.

The 20-day period under clause (i) shall commence on the date on which the request is first received by the appropriate component of the agency, but in any event not later than ten days after the request is first received by any component of the

agency that is designated in the agency's regulations under this section to receive requests under this section. The 20-day period shall not be tolled by the agency except—

(I) that the agency may make one request to the requester for information and toll the 20-day period while it is awaiting such information that it has reasonably requested from the requester under this section; or

(II) if necessary to clarify with the requester issues regarding fee assessment. In either case, the agency's receipt of the requester's response to the agency's request for information or clarification ends the tolling period.

[Effective one year from date of enactment]

(B)(i) In unusual circumstances as specified in this subparagraph, the time limits prescribed in either clause (i) or clause (ii) of subparagraph (A) may be extended by written notice to the person making such request setting forth the unusual circumstances for such extension and the date on which a determination is expected to be dispatched. No such notice shall specify a date that would result in an extension for more than ten working days, except as provided in clause (ii) of this subparagraph.

(ii) With respect to a request for which a written notice under clause (i) extends the time limits prescribed under clause (i) of subparagraph (A), the agency shall notify the person making the request if the request cannot be processed within the time limit specified in that clause and shall provide the person an opportunity to limit the scope of the request so that it may be processed within that time limit or an opportunity to arrange with the agency an alternative time frame for processing the request or a modified request. **To aid the requester, each agency shall make available its FOIA Public Liaison, who shall assist in the resolution of any disputes between the requester and the agency. [Effective one year from date of enactment].** Refusal by the person to reasonably modify the request or arrange such an alternative time frame shall be considered as a factor in determining whether exceptional circumstances exist for purposes of subparagraph (C).

(iii) As used in this subparagraph, "unusual circumstances" means, but only to the extent reasonably necessary to the proper processing of the particular requests—

(I) the need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request;

(II) the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request; or

(III) the need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the agency having substantial subject-matter interest therein.

(iv) Each agency may promulgate regulations, pursuant to notice and receipt of public comment, providing for the aggregation of certain requests by the same requestor, or by a group of requestors acting in concert, if the agency reasonably believes that such requests actually constitute a single request, which would otherwise satisfy the unusual circumstances specified in this subparagraph, and the requests involve clearly related matters. Multiple requests involving unrelated matters shall not be aggregated.

(C)(i) Any person making a request to any agency for records under paragraph (1), (2), or (3) of this subsection shall be deemed to have exhausted his administrative remedies with respect to such request if the agency fails to comply with the applicable time limit provisions of this paragraph. If the Government can show exceptional circumstances exist and that the agency is exercising due diligence in responding to the request, the court may retain jurisdiction and allow the agency additional time to complete its review of the records. Upon any determination by an agency to comply with a request for records, the records shall be made promptly available to such person making such request. Any notification of denial of any request for records under this subsection shall set forth the names and titles or positions of each person responsible for the denial of such request.

(ii) For purposes of this subparagraph, the term "exceptional circumstances" does not include a delay that results from a predictable agency workload of requests under this section, unless the agency demonstrates reasonable progress in reducing its backlog of pending requests.

(iii) Refusal by a person to reasonably modify the scope of a request or arrange an alternative time frame for processing a

request (or a modified request) under clause (ii) after being given an opportunity to do so by the agency to whom the person made the request shall be considered as a factor in determining whether exceptional circumstances exist for purposes of this subparagraph.

(D)(i) Each agency may promulgate regulations, pursuant to notice and receipt of public comment, providing for multitrack processing of requests for records based on the amount of work or time (or both) involved in processing requests.

(ii) Regulations under this subparagraph may provide a person making a request that does not qualify for the fastest multitrack processing an opportunity to limit the scope of the request in order to qualify for faster processing.

(iii) This subparagraph shall not be considered to affect the requirement under subparagraph (C) to exercise due diligence.

(E)(i) Each agency shall promulgate regulations, pursuant to notice and receipt of public comment, providing for expedited processing of requests for records—

(I) in cases in which the person requesting the records demonstrates a compelling need; and

(II) in other cases determined by the agency.

(ii) Notwithstanding clause (i), regulations under this subparagraph must ensure—

(I) that a determination of whether to provide expedited processing shall be made, and notice of the determination shall be provided to the person making the request, within 10 days after the date of the request; and

(II) expeditious consideration of administrative appeals of such determinations of whether to provide expedited processing.

(iii) An agency shall process as soon as practicable any request for records to which the agency has granted expedited processing under this subparagraph. Agency action to deny or affirm denial of a request for expedited processing pursuant to this subparagraph, and failure by an agency to respond in a timely manner to such a request shall be subject to judicial review under paragraph (4),

except that the judicial review shall be based on the record before the agency at the time of the determination.

(iv) A district court of the United States shall not have jurisdiction to review an agency denial of expedited processing of a request for records after the agency has provided a complete response to the request.

(v) For purposes of this subparagraph, the term "compelling need" means—

(I) that a failure to obtain requested records on an expedited basis under this paragraph could reasonably be expected to pose an imminent threat to the life or physical safety of an individual; or

(II) with respect to a request made by a person primarily engaged in disseminating information, urgency to inform the public concerning actual or alleged Federal Government activity.

(vi) A demonstration of a compelling need by a person making a request for expedited processing shall be made by a statement certified by such person to be true and correct to the best of such person's knowledge and belief.

(F) In denying a request for records, in whole or in part, an agency shall make a reasonable effort to estimate the volume of any requested matter the provision of which is denied, and shall provide any such estimate to the person making the request, unless providing such estimate would harm an interest protected by the exemption in subsection (b) pursuant to which the denial is made.

(7) Each agency shall—

(A) establish a system to assign an individualized tracking number for each request received that will take longer than ten days to process and provide to each person making a request the tracking number assigned to the request; and

(B) establish a telephone line or Internet service that provides information about the status of a request to the person making the request using the assigned tracking number, including—

(i) the date on which the agency originally received the request; and

(ii) an estimated date on which the agency will complete action on the request.

[Effective one year from date of enactment]

(b) This section does not apply to matters that are—

(1)(A) specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy and (B) are in fact properly classified pursuant to such Executive order;

(2) related solely to the internal personnel rules and practices of an agency;

(3) specifically exempted from disclosure by statute (other than section 552b of this title), provided that such statute (A) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld;

(4) trade secrets and commercial or financial information obtained from a person and privileged or confidential;

(5) inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency;

(6) personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;

(7) records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information (A) could reasonably be expected to interfere with enforcement proceedings, (B) would deprive a person of a right to a fair trial or an impartial adjudication, (C) could reasonably be expected to constitute an unwarranted invasion of personal privacy, (D) could reasonably be expected to disclose the identity of a confidential source, including a State, local, or foreign agency or authority or any private institution which furnished information on a confidential basis, and, in the case of a record or information compiled by a criminal law enforcement authority in the course of a criminal investigation or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source, (E) would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law, or (F) could reasonably be expected to endanger the life or physical safety of any individual;

(8) contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions; or

(9) geological and geophysical information and data, including maps, concerning wells.

Any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt under this subsection. The amount of information deleted, **and the exemption under which the deletion is made**, shall be indicated on the released portion of the record, unless including that indication would harm an interest protected by the exemption in this subsection under which the deletion is made. If technically feasible, the amount of the information deleted, **and the exemption under which the deletion is made**, shall be indicated at the place in the record where such deletion is made.

(c)(1) Whenever a request is made which involves access to records described in subsection (b)(7)(A) and—

(A) the investigation or proceeding involves a possible violation of criminal law; and

(B) there is reason to believe that (i) the subject of the investigation or proceeding is not aware of its pendency, and (ii) disclosure of the existence of the records could reasonably be expected to interfere with enforcement proceedings, the agency may, during only such time as that circumstance continues, treat the records as not subject to the requirements of this section.

(2) Whenever informant records maintained by a criminal law enforcement agency under an informant's name or personal identifier are requested by a third party according to the informant's name or personal identifier, the agency may treat the records as not subject to the requirements of this section unless the informant's status as an informant has been officially confirmed.

(3) Whenever a request is made which involves access to records maintained by the Federal Bureau of Investigation pertaining to foreign intelligence or counterintelligence, or international terrorism, and the existence of the records is classified information as provided in subsection (b)(1), the Bureau may, as long as the existence of the records remains classified information, treat the records as not subject to the requirements of this section.

(d) This section does not authorize the withholding of information or limit the availability of records to the public, except as specifically stated in this section. This section is not authority to withhold information from Congress.

(e)(1) On or before February 1 of each year, each agency shall submit to the Attorney General of the United States a report which shall cover the preceding fiscal year and which shall include—

(A) the number of determinations made by the agency not to comply with requests for records made to such agency under subsection (a) and the reasons for each such determination;

(B)(i) the number of appeals made by persons under subsection (a)(6), the result of such appeals, and the reason for the action upon each appeal that results in a denial of information; and

(ii) a complete list of all statutes that the agency relies upon to authorize the agency to withhold information under subsection (b)(3), **the number of occasions on which each statute was relied upon**, a description of whether a court has upheld the decision of the agency to withhold information under each such statute, and a concise description of the scope of any information withheld;

(C) the number of requests for records pending before the agency as of September 30 of the preceding year, and the median **and average** number of days that such requests had been pending before the agency as of that date;

(D) the number of requests for records received by the agency and the number of requests which the agency processed;

(E) the median number of days taken by the agency to process different types of requests, **based on the date on which the requests were received by the agency**;

(F) **the average number of days for the agency to respond to a request beginning on the date on which the request was received by the agency, the median number of days for the agency to respond to such requests, and the range in number of days for the agency to respond to such requests**;

(G) **based on the number of business days that have elapsed since each request was originally received by the agency—**

(i) **the number of requests for records to which the agency has responded with a determination within a period up to and including 20 days, and in 20-day increments up to and including 200 days**;

(ii) the number of requests for records to which the agency has responded with a determination within a period greater than 200 days and less than 301 days;

(iii) the number of requests for records to which the agency has responded with a determination within a period greater than 300 days and less than 401 days; and

(iv) the number of requests for records to which the agency has responded with a determination within a period greater than 400 days;

(H) the average number of days for the agency to provide the granted information beginning on the date on which the request was originally filed, the median number of days for the agency to provide the granted information, and the range in number of days for the agency to provide the granted information;

(I) the median and average number of days for the agency to respond to administrative appeals based on the date on which the appeals originally were received by the agency, the highest number of business days taken by the agency to respond to an administrative appeal, and the lowest number of business days taken by the agency to respond to an administrative appeal;

(J) data on the 10 active requests with the earliest filing dates pending at each agency, including the amount of time that has elapsed since each request was originally received by the agency;

(K) data on the 10 active administrative appeals with the earliest filing dates pending before the agency as of September 30 of the preceding year, including the number of business days that have elapsed since the requests were originally received by the agency;

(L) the number of expedited review requests that are granted and denied, the average and median number of days for adjudicating expedited review requests, and the number adjudicated within the required 10 days;

(M) the number of fee waiver requests that are granted and denied, and the average and median number of days for adjudicating fee waiver determinations;

(~~F~~) (N) the total amount of fees collected by the agency for processing requests; and

~~(G)~~ **(O)** the number of full-time staff of the agency devoted to processing requests for records under this section, and the total amount expended by the agency for processing such requests.

(2) Information in each report submitted under paragraph (1) shall be expressed in terms of each principal component of the agency and for the agency overall.

~~(2)~~ **(3)** Each agency shall make each such report available to the public including by computer telecommunications, or if computer telecommunications means have not been established by the agency, by other electronic means. **In addition, each agency shall make the raw statistical data used in its reports available electronically to the public upon request.**

~~(3)~~ **(4)** The Attorney General of the United States shall make each report which has been made available by electronic means available at a single electronic access point. The Attorney General of the United States shall notify the Chairman and ranking minority member of the Committee on Government Reform and Oversight of the House of Representatives and the Chairman and ranking minority member of the Committees on Governmental Affairs and the Judiciary of the Senate, no later than April 1 of the year in which each such report is issued, that such reports are available by electronic means.

~~(4)~~ **(5)** The Attorney General of the United States, in consultation with the Director of the Office of Management and Budget, shall develop reporting and performance guidelines in connection with reports required by this subsection by October 1, 1997, and may establish additional requirements for such reports as the Attorney General determines may be useful.

~~(5)~~ **(6)** The Attorney General of the United States shall submit an annual report on or before April 1 of each calendar year which shall include for the prior calendar year a listing of the number of cases arising under this section, the exemption involved in each case, the disposition of such case, and the cost, fees, and penalties assessed under subparagraphs (E), (F), and (G) of subsection (a)(4). Such report shall also include a description of the efforts undertaken by the Department of Justice to encourage agency compliance with this section.

(f) For purposes of this section, the term—

(1) "agency" as defined in section 551(1) of this title includes any executive department, military department, Government corporation, Government controlled corporation, or other establishment in the executive branch of the Government (including the Executive Office of the President), or any independent regulatory agency; and

~~(2) “record and any other term used in this section in reference to information includes any information that would be an agency record subject to the requirements of this section when maintained by an agency in any format, including an electronic format.~~

(2) ‘record’ and any other term used in this section in reference to information includes—

(A) any information that would be an agency record subject to the requirements of this section when maintained by an agency in any format, including an electronic format; and

(B) any information described under subparagraph (A) that is maintained for an agency by an entity under Government contract, for the purposes of records management.

(g) The head of each agency shall prepare and make publicly available upon request, reference material or a guide for requesting records or information from the agency, subject to the exemptions in subsection (b), including—

(1) an index of all major information systems of the agency;

(2) a description of major information and record locator systems maintained by the agency; and

(3) a handbook for obtaining various types and categories of public information from the agency pursuant to chapter 35 of title 44, and under this section.

(h)(1) There is established the Office of Government Information Services within the National Archives and Records Administration.

(2) The Office of Government Information Services shall—

(A) review policies and procedures of administrative agencies under this section;

(B) review compliance with this section by administrative agencies; and

(C) recommend policy changes to Congress and the President to improve the administration of this section.

(3) The Office of Government Information Services shall offer mediation services to resolve disputes between persons making requests under this section and administrative agencies as a non-exclusive alternative to

litigation and, at the discretion of the Office, may issue advisory opinions if mediation has not resolved the dispute.

(i) The Government Accountability Office shall conduct audits of administrative agencies on the implementation of this section and issue reports detailing the results of such audits.

(j) Each agency shall designate a Chief FOIA Officer who shall be a senior official of such agency (at the Assistant Secretary or equivalent level).

(k) The Chief FOIA Officer of each agency shall, subject to the authority of the head of the agency—

(1) have agency-wide responsibility for efficient and appropriate compliance with this section;

(2) monitor implementation of this section throughout the agency and keep the head of the agency, the chief legal officer of the agency, and the Attorney General appropriately informed of the agency's performance in implementing this section;

(3) recommend to the head of the agency such adjustments to agency practices, policies, personnel, and funding as may be necessary to improve its implementation of this section;

(4) review and report to the Attorney General, through the head of the agency, at such times and in such formats as the Attorney General may direct, on the agency's performance in implementing this section;

(5) facilitate public understanding of the purposes of the statutory exemptions of this section by including concise descriptions of the exemptions in both the agency's handbook issued under subsection (g), and the agency's annual report on this section, and by providing an overview, where appropriate, of certain general categories of agency records to which those exemptions apply; and

(6) designate one or more FOIA Public Liaisons.

(l) FOIA Public Liaisons shall report to the agency Chief FOIA Officer and shall serve as supervisory officials to whom a requester under this section can raise concerns about the service the requester has received from the FOIA Requester Center, following an initial response from the FOIA Requester Center Staff. FOIA Public Liaisons shall be responsible for assisting in reducing delays, increasing transparency and understanding of the status of requests, and assisting in the resolution of disputes.

TITLE 18--CRIMES AND CRIMINAL PROCEDURE

PART I--CRIMES

CHAPTER 93--PUBLIC OFFICERS AND EMPLOYEES

Sec. 1905. Disclosure of confidential information generally

Whoever, being an officer or employee of the United States or of any department or agency

[[Page 400]]

thereof, any person acting on behalf of the Office of Federal Housing Enterprise Oversight, or agent of the Department of Justice as defined in the Antitrust Civil Process Act (15 U.S.C. 1311-1314), or being an employee of a private sector organization who is or was assigned to an agency under chapter 37 of title 5, publishes, divulges, discloses, or makes known in any manner or to any extent not authorized by law any information coming to him in the course of his employment or official duties or by reason of any examination or investigation made by, or return, report or record made to or filed with, such department or agency or officer or employee thereof, which information concerns or relates to the trade secrets, processes, operations, style of work, or apparatus, or to the identity, confidential statistical data, amount or source of any income, profits, losses, or expenditures of any person, firm, partnership, corporation, or association; or permits any income return or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law; shall be fined under this title, or imprisoned not more than one year, or both; and shall be removed from office or employment.

(June 25, 1948, ch. 645, 62 Stat. 791; Pub. L. 96-349, Sec. 7(b), Sept. 12, 1980, 94 Stat. 1158; Pub. L. 102-550, title XIII, Sec. 1353, Oct. 28, 1992, 106 Stat. 3970; Pub. L. 104-294, title VI, Sec. 601(a)(8), Oct. 11, 1996, 110 Stat. 3498; Pub. L. 107-347, title II, Sec. 209(d)(2), Dec. 17, 2002, 116 Stat. 2930.)

Historical and Revision Notes

Based on section 176b of title 15, U.S.C., 1940 ed., Commerce and Trade; section 216 of title 18, U.S.C., 1940 ed.; section 1335 of title 19, U.S.C., 1940 ed., Customs Duties (R.S. Sec. 3167; Aug. 27, 1894, ch. 349, Sec. 24, 28 Stat. 557; Feb. 26, 1926, ch. 27, Sec. 1115, 44 Stat. 117; June 17, 1930, ch. 497, title III, Sec. 335, 46 Stat. 701; Jan. 27, 1938, ch. 11, Sec. 2, 52 Stat. 8).

Section consolidates section 176b of title 15, U.S.C., 1940 ed., Commerce and Trade; section 216 of title 18, U.S.C., 1940 ed., and section 1335 of title 19, U.S.C., 1940 ed., Customs Duties.

Words ``or of any department or agency thereof'' and words ``such department or agency'' were inserted so as to eliminate any possible ambiguity as to scope of section. (See definition of ``department'' and ``agency'' in section 6 of this title.)

References to the offenses as misdemeanors, contained in all of said sections, were omitted in view of definitive section 1 of this title.

The provisions of section 216 of title 18, U.S.C., 1940 ed., relating to publication of income tax data by ``any person'', were omitted as covered by section 55(f)(1) of title 26, U.S.C., 1940 ed., Internal Revenue Code.

Minor changes were made in translations and phraseology.

References in Text

The Antitrust Civil Process Act, referred to in text, is Pub. L. 87-664, Sept. 19, 1962, 76 Stat. 548, as amended, which is classified generally to chapter 34 (Sec. 1311 et seq.) of Title 15, Commerce and Trade. For complete classification of this Act to the Code, see Short Title note set out under section 1311 of Title 15 and Tables.

Amendments

2002--Pub. L. 107-347 inserted ``or being an employee of a private sector organization who is or was assigned to an agency under chapter 37 of title 5,'' after ``(15 U.S.C. 1311-1314),''.

1996--Pub. L. 104-294 substituted ``fined under this title'' for ``fined not more than \$1,000''.

1992--Pub. L. 102-550 inserted ``any person acting on behalf of the Office of Federal Housing Enterprise Oversight,'' after ``or agency thereof,''

1980--Pub. L. 96-349 provided for punishment and removal from office of an agent of the Department of Justice as defined in the Antitrust Civil Process Act for disclosure of confidential information.

Effective Date of 2002 Amendment

Amendment by Pub. L. 107-347 effective 120 days after Dec. 17, 2002, see section 402(a) of Pub. L. 107-347, set out as an Effective Date note under section 3601 of Title 44, Public Printing and Documents.

aforementioned companies, in accordance with 19 CFR 351.213(d)(1), we are rescinding this review with respect to the above listed companies.

Assessment Rates

The Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries. For those companies for which this review has been rescinded and which have a separate rate, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(2). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice for those companies with a separate rate.

For the above companies that are part of the PRC-wide entity, Department cannot order liquidation at this time because although they are no longer under review as a separate entity, they may still be under review as part of the PRC-wide entity. Therefore, the Department cannot order liquidation instructions at this time because their respective entries may be under review in the ongoing administrative review. The Department intends to issue assessment instructions for the PRC-wide entity 15 days after publication of the final results of the ongoing administrative review.

Notification to Importers

This notice serves as a final reminder to importers for whom this review is being rescinded, as of the publication date of this notice, of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the

proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: March 3, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Virginia Modified Pound Net Leader Inspection Program

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before May 9, 2011.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Carrie Upite, (978) 282-8475 or carrie.upite@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This action would continue an inspection program for modified pound net leaders in the Virginia waters of the mainstem Chesapeake Bay. Pound net fishermen must call the National Marine Fisheries Service (NMFS) to arrange for a meeting. At the meeting, they must allow for the inspection of gear to

ensure the modified leader meets the definition of a modified pound net leader, as described in the regulations (§ 222.102). This inspection program is necessary to provide fishermen with the insurance that their leaders meet the regulatory definition of a modified pound net leader before setting their gear, provide managers with the knowledge that the offshore leaders in a portion of the Virginia Chesapeake Bay are configured in a sea turtle-safe manner, and aid in enforcement efforts.

II. Method of Collection

Reports may be made by telephone and in-person meetings.

III. Data

OMB Control Number: 0648-0559.

Form Number: None.

Type of Review: Regular submission (extension of a current information collection).

Affected Public: Individuals or households.

Estimated Number of Respondents: 19.

Estimated Time per Response: 70 minutes.

Estimated Total Annual Burden Hours: 70 hours.

Estimated Total Annual Cost to Public: \$102.50.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: March 3, 2011.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.
