BODY OF E-MAIL:

Hello Mark, Michelle, and Steve

The three of you volunteered (back in April) to peer review the economic analysis for black abalone critical habitat designation. Attached is a copy of the analysis. The proposed rule was published today in the Federal Register. Since the public comment period on the proposed rule will end on Nov. 29, I would like to receive your comments by then as well. Please let me know if you have any questions.
